THE CARNEGIE FOUNDATION FOR THE AD-
VANCEMENT OF TEACHING. RULES
FOR THE GRANTING OF RETIRING
ALLOWANCES.

The aim of the founder in the incor-
poration of this foundation is clearly
expressed in the act of incorporation passed
by the Congress of the United States, and
approved by the president.

This aim is there stated to be the founda-
tion of an agency to provide retiring allow-
ances for teachers in the universities, col-
leges and technical schools of the three
English-speaking countries of North Amer-
ica, and to serve the cause of higher edu-
cation by advancing and dignifying the
profession of the teacher in these higher
institutions of learning. By the terms of
the act of incorporation sectarian institu-
tions are excluded from the benefits of the
foundation. Consideration of the ques-
tion of the admission of state institutions
has been deferred until some experience
