Science is published weekly on Friday, except the last week in December, by the American Association for the Advancement of Science, 1333 H Street, N.W., Washington, D.C. 20005. Second-class postage (publication No. 48446) paid at Washington, D.C., and at an additional entry. Now combined with The Scientific Monthly. Copyright © 1985 by the American Association for the Advancement of Science. Domestic individual membership and subscription ($16): $60. Domestic institutional subscription ($16): $99. Foreign postage extra: Canada $24, other (surface mail) $2, air-surface via Amsterdam $60. First class, airmail, school-year, and student rates on request. Single copies $2.50 ($3 by mail); back issues $3 ($3.50 by mail); Biotechnology issues, $2.50 ($2.50 by mail) airroom rates on request. Change of address: allow 6 weeks, giving old and new addresses and seven-digit account number. Authorization to photocopy material for internal or personal use under circumstances not falling within the fair use provisions of the Copyright Act is granted to AAAS to libraries and other users registered with the Copyright Clearance Center (CCC) Transactional Reporting Service, provided that the base fee of $1 per copy plus $0.10 per page is paid directly to CCC, 21 Congress Street, Salem, Massachusetts 01970. The identification code for Science is 0036-8075/85 $1 + .10. Reprint service: Send Form 3579 to Science, 1333 H Street, N.W., Washington, D.C. 20005. Science is indexed in the Reader's Guide to Periodical Literature and in several specialized indexes.

PRODUCTS AND MATERIALS  Electrophoresis Apparatus; Laboratory Jack; DNA/RNA Labeling Reagent; Ultrafiltration; Immunocytochemistry Labels; Plasma Emission Spectrometer; Chemical Structure Software; Literature .................................................... 191

COVER  Landsat false-color image of southern Sierra Nevada Batholith, California. The San Andreas Fault strikes across the frame from left to right; the Garlock Fault joins the San Andreas in the left-center of the image. The deflected “tail” of the Sierra Nevada is bounded to the right by the Garlock Fault. The large tan triangular area in the right-center is the Mojave Desert. The blue-green areas to the south denote the San Fernando Valley and metropolitan Los Angeles. See page 172. [EROS Data Center, Sioux Falls, South Dakota]
