This Week in Science

Editorial

1485 Materials Science and Engineering

Letters

1486 Human Immunodeficiency Virus: F. BROWN • DOE Fusion Program: A. J. GLASS; M. CRAWFORD • European Space Telescope: R. M. BONNET; G. RIEKE

News & Comment

1488 Inquiry Faults Shuttle Management
1489 Ground Water Ills: Many Diagnoses, Few Remedies
1493 GAO Blasts Bigeye Chemical Weapon
1494 Briefing: OMB Floats New Indirect Cost Plan • GAO Backs Decision to Conduct X-ray Laser Test • EPA Reduces Penalty Against Biotech Firm

Research News

1496 U.S. Electronics Needs New Strategy
1497 Anthropologists Suggest Cannibalism Is a Myth
1500 Molecular Neuroscience Briefing: Lost Neurons Identified in Alzheimer's Disease • Nerve Activity Alters Neurotransmitter Synthesis • Trophic Factor Aids Synapse Formation

Policy Forum

1508 Subsidizing Research: Role of the University: R. M. ROSENZWEIG • The Case for a Return to Fixed Indirect Costs: P. D. BOYER

Articles

1511 Overview of the Shuttle Imaging Radar-B Preliminary Scientific Results: C. ELACHI, J. CIMINO, M. SETTLE
1517 Anisotropy of the Cosmic Blackbody Radiation: D. T. WILKINSON

Research Articles

1523 Detection of Water Vapor in Halley's Comet: M. J. MUMMA, H. A. WEAVER, H. P. LARSON, D. S. DAVIS, M. WILLIAMS

Science is published weekly on Friday, except the last week in December, and with a plus issue in May by the American Association for the Advancement of Science, 1333 H Street, NW, Washington, DC 20005. Second-class postage (publication No. 484460) paid at Washington, DC, and at an additional entry. Cost of membership, subscription, and single copy: $65. Domestic individual membership and subscription (51 issues): $65. Domestic institutional subscription (51 issues): $98. Foreign postage extra: Canada $24, other (surface mail) $27, air-surface via Amsterdam $65. First class, airmail, school-year, and student rates on request. Single copies $2.50 ($3 by mail); back issues $4 ($4.50 by mail); Biotechnology issue, $5.50 ($6 by mail); classroom rates on request; Guide to Biotechnology Products and Instruments $16 ($17 by mail). Change of address: allow 6 weeks, giving old and new addresses and seven-digit account number. Authorization to photocopy material for internal or personal use under circumstances not falling within the fair use provisions of the Copyright Act is granted, by AAAS to libraries and other users registered with the Copyright Clearance Center (CCC) Transactional Reporting Service, provided that the base fee of $1 per copy plus $.10 per page is paid directly to CCC, 21 Congress Street, Salem, Massachusetts 01970. The identification code for Science is 0036-8075/86 $1 + .10. Postmaster: Send Form 3579 to Science, 1333 H Street, NW, Washington, DC 20005. Science is indexed in the Reader's Guide to Periodical Literature and in several specialized indexes.

The American Association for the Advancement of Science was founded in 1848 and incorporated in 1874. Its objects are to further the work of scientists, to facilitate cooperation among them, to foster scientific freedom and responsibility, to improve the effectiveness of science in the promotion of human welfare, and to increase public understanding and appreciation of the importance and promise of the methods of science in human progress.

1480

SCIENCE, VOL. 232
cover  
Perspective view from the southeast with 50% vertical exaggeration of  
Mount Shasta, a 14,000-foot Cascade chain volcano in northern California. A  
digital topographic map generated by F. Leberl (Vexcel Corp.) and J. Raggam  
(Graz Technical University, Graz, Austria) from a SIR-B stereo image pair was  
used to rectify and reproject one of the images into this view, in which colors  
from dark green through pink to white are proportional to 23-centimeter radar  
brightness. See page 1511. [M. Kobrick, Jet Propulsion Laboratory, Pasadena,  
CA]
