1629 This Week in Science

**Editorial**

1631 Soviet Science and Technology at the Boston Meeting: A. W. Trivelpiece

**Letters**

1633 Paleoichic Diet, Evolution, and Carcinogens: D. L. Davis; B. N. Ames and L. S. Gold  
Definition Required: R. A. Stairs  
California’s Proposition 65: A Reply: S. A. Book  
Cholesterol Guidelines: R. E. Olsen  
Liability Insurance and Litigation: R. M. Hayden; P. W. Huber  
Development in the Guinea Savanna: A. E. Nyerges  
The Cognitive Unconscious: V. R. Potter; J. S. Kafka; J. F. Kilstrom

**News & Comment**

1639 Adapting to Pork-Barrel Science  
1641 A Matter of Time  
1643 Maxwell May Back Gallo  
1644 Soviets Pin Economic Hopes on Technology  
1645 Europe in Space: The Program Is in French  
1647 Is Alcoholism a Disease?  
1648 Briefing: Protests Nix Plan to Orbit a Ring of Light  
Soviets Test Monsanto’s Milk Production Hormone  
NASA Denied Access to DOE Laser Fusion Data  
NIMH Gets New Director  
European Southern Observatory

**Research News**

1649 Atomic Bomb Doses Reassessed  
1651 Broad Attack Launched on the Nervous System: Thanks for the Memory  
Alzheimer’s Protein Is Also in Infant Brains  
Peptide Turn-On for the ACh Receptor Gene

1653 Insect Viruses Invade Biotecnology  
1654 Tower Study Hints at a “Sixth Force”  
1655 Superconductor’s Critical Current at a New High

**Association Affairs**

1657 Walter E. Massey: President-Elect of AAAS: N. M. Bradburn and D. Rosen

**Articles**

1659 A Weakness in Process Technology: L. C. Throup  
1664 Ceramics by the Solution-Sol-Gel Route: R. Roy  
1670 Does Ammonia Hydrogen Bond?: D. D. Nelson, Jr., G. T. Fraser, W. Klempner  

**Research Articles**

1682 Identification of the Human U7 snRNP as One of Several Factors Involved in the 3’ End Maturation of Histone Premessenger RNA’s: K. L. Mowry and J. A. Steitz

---

SCIENCE is published weekly on Friday, except the last week in December, and with an extra issue in February by the American Association for the Advancement of Science, 1333 H Street, NW, Washington, DC 20005. Second-class postage (publication No. 48440) paid at Washington, DC, and at an additional entry. Now combined with The Scientific Monthly® Copyright © 1987 by the American Association for the Advancement of Science. The title SCIENCE is a registered trademark of the AAAS. Domestic individual membership and subscription (51 issues): $85. Domestic institutional subscription (51 issues): $96. Foreign postage extra: Canada $32, other (surface mail) $27, air-surface via Amsterdam $95. First class, airmail, school-year, and student rates on request. Single copies $2.50 ($3 by mail); back issues $4 ($4.50 by mail); Biotechnology issue, $5.50 ($6 by mail); classroom rates on request; Guide to Biotechnology Products and Instruments $16 ($17 by mail). Change of address: allow 6 weeks, giving old and new addresses and seven-digit account number. Authorization to photocopy material for internal or personal use, or the internal or personal use of specific clients, is granted by AAAS to libraries and other users registered with the Copyright Clearance Center (CCC) Transactional Reporting Service, provided that the base fee of $1 per copy plus $0.10 per page is paid directly to CCC, 21 Congress Street, Salem, Massachusetts 01970. The identification code for Science is 0036-8075/83 $1 + .10. Postmasters: Send Form 3579 to Science, 1333 H Street, NW, Washington, DC 20005. Science is indexed in the Reader’s Guide to Periodical Literature and in several specialized indexes.

The American Association for the Advancement of Science was founded in 1848 and incorporated in 1874. Its objects are to further the work of scientists, to facilitate cooperation among them, to foster scientific freedom and responsibility, to improve the effectiveness of science in the promotion of human welfare, and to increase public understanding and appreciation of the importance and promise of the methods of science in human progress.
