You are invited to submit abstracts for contributed paper sessions at the 155th National Meeting of the American Association for the Advancement of Science. Appropriate topics span the physical, life, and behavioral and social sciences. If your abstract is accepted, you will have the opportunity to present your work to fellow meeting registrants, to gain visibility in your field, and to contribute to the overall advancement of scientific inquiry.

The AAAS Annual Meeting will be attended by more than 5,000 of your colleagues representing a full range of scientific disciplines. In addition, the meeting is being held concurrently with the Joint Annual Meeting of the American Association of Physics Teachers and the American Physical Society, registrants of which will also have access to the AAAS Annual Meeting.

Each contributor will be assigned to a poster session and will be provided with a 4' x 6' bulletin board on which to display large, easy-to-read text and graphics for approximately 1½ hours so that the work can be discussed with interested parties. In addition, the contributor's abstract will be published and distributed to all meeting registrants.

**DEADLINE: 1 November 1988**

**Example:**

```
3 inches (12.7cm)

Indent Five Spaces and Type Title in Upper and Lower Case Letters and Underline. AUTHOR'S NAME IN UPPER CASE (Institution Name in Upper and Lower Case), SECOND AUTHOR (Institution).*

(skip one line). Type abstract. The full width of the column of typed material should be 5 inches (12.7cm) and must not extend beyond that. The total length of the material, from top of title to bottom of footnotes must not exceed 5 inches (12.7cm). Abstracts which exceed these parameters will be returned. All special symbols and signs which must be hand lettered (e.g., *) should be rendered in reproducible black ink as clearly and carefully as possible. The entire submission should be of camera-ready quality so that it can be photographed, turned into a plate, and printed. The printed abstract will be about 2/3 the size of the typed version. Avoid paragraphing as this wastes space. However, you may use your allotted space to neatly letter in equations and diagrams as you deem necessary.

as indicated in this example.

(skip one line). Type footnotes.
