Articles

776 Air Pollution and Forest Decline in a Spruce (Picea abies) Forest: E.-D. Schulze

Research Articles

790 $G_{olf}: A$ Olfactory Neuron Specific—G Protein Involved in Odorant Signal Transduction: D. T. Jones and R. R. Reed

Reports

798 The Role of Excitatory Amino Acids and NMDA Receptors in Traumatic Brain Injury: A. I. Faden, P. Demediuk, S. S. Panter, R. Vink
800 Regulation of Calcium Release Is Gated by Calcium Current, Not Gating Charge, in Cardiac Myocytes: M. N. Bauer, G. Callewaert, L. Cleemann, M. Morad
803 Induction of Mesoderm by a Viral Oncogene in Early Xenopus Embryos: M. Whitman and D. A. Melton
806 Global Sea Level Rise and the Greenhouse Effect: Might They Be Connected? W. R. Pelletier and A. M. Tushingham

SCIENCE is published weekly on Friday, except the last week in December, and with an extra issue in February by the American Association for the Advancement of Science, 1533 H Street, NW, Washington, DC 20005. Second-class postage (publication No. 484465) paid at Washington, DC, and at an additional entry. New combined with The Scientific Monthly® Copyright © 1969 by the American Association for the Advancement of Science. The title SCIENCE is a registered trademark of the AAAS. Domestic individual membership and subscription (51 issues): $75 Domestic institutional subscription (51 issues): $120. Foreign postage extra: Canada $46, other (surface mail) $46, air mail via Amsterdarn $85. First class, air mail, school-year, and student rates on request. Single copy sales: Current issue, $3.50; back issues, $5.00; Biotechnology issue, $6.00 (for postage and handling, add per copy $0.50 U.S., $1.00 all foreign); Guide to Biotechnology Products and Instruments, $18 (for postage and handling add per copy $1.00 U.S., $1.50 Canada, $2.00 all foreign). Bulk rates on request. Change of address: Allow 6 weeks, giving old and new addresses and 11-digit account number. Authorization to photocopy material for internal or personal use under circumstances not falling within the fair use provisions of the Copyright Act is granted by AAAS to libraries and other users registered with the Copyright Clearance Center (CCC) Transactional Reporting Service, provided that the base fee of 8 per $1 copy plus $0.10 per page is paid directly to CCC, 21 Congress Street, Salem, Massachusetts 01970. The identification code for Science is 0036-8075/89 $1 + .10. Postmaster: Send Form 3579 to Science, P.O. Box 1722, Riverton, NJ 08077. Science is indexed in the Reader’s Guide to Periodical Literature and in several specialized indexes. The American Association for the Advancement of Science was founded in 1848 and incorporated in 1874. Its objects are to further the work of scientists, to facilitate cooperation among them, to foster scientific freedom and responsibility, to improve the effectiveness of science in the promotion of human welfare, and to increase public understanding and appreciation of the importance and promise of the methods of science in human progress.
The golden monkey Ceropithecus mitis kandti, a guenon of a rare subspecies that inhabits high-altitude forest in the area around the Virunga volcanoes of east central Africa. Its distribution coincides with that of the endangered mountain gorilla. The survival of both primates depends on the conservation of this relicual habitat. [Jonathan Kingdon; from A Primate Radiation: Evolutionary Biology of the African Guenons, reviewed on page 860]

817 Class II MHC Molecules Are Specific Receptors for Staphylococcus Enterotoxin A: J. A. Mollick, R. G. Cook, R. R. Rich

820 Control of Experimental Autoimmune Encephalomyelitis by T Cells Responding to Activated T Cells: A. W. Lohse, F. Mor, N. Karin, I. R. Cohen

830 The Taming of Invention: G. Wise; other reviews by P. J. Pauly, B. Sinclair, W. L. O'Neill

835 Ethical Dissent in a New Mode: J. M. Beyer; other review by C. Morrill

837 Trends in the Job Arena: G. Farkas; other reviews by M. H. Strober, G. J. Stigler

840 An Industrial Research Program: J. P. Swann; other review by V. Y. Suslow

843 Science Brought to Mothering: N. Rogers; other review by G. C. Anderson

845 Adoption Studies Continued: R. J. Rose

847 Igor Kurchatov: D. Holloway; other review by K. G. Ramanathan

849 The Solar System: Records from t ≥ 0: D. Lal; other reviews by M. B. Kundra, C. R. Canizares

852 A Life in Biochemistry: E. Kennedy; other review by I. Mellman

855 A Cladistication: E. N. Arnold; other reviews by D. L. Clark, W. A. Calder

858 Misdeeds in Anthropology: M. Cartmill; other reviews by P. A. Erickson, R. L. Susan, C. P. Groves

861 The Archeology of Capitalism: E. Zubrow; other reviews by D. Freidel, G. E. Stuart, S. Krech III

873 Heat Measurement • Importing On-Line References • Angewandte Chemie On-Line • Absolute Reflectance Measurements • Electroporation Data Acquisition System • Antibodies • Literature
