LETTERS
Antarctic Environmental Concerns: W. E. Massey,
A. C. Fraser-Smith, R. A. Hellwell, L. J. Lanzerotti,
T. J. Rosenberg • Superconducting Transition Temperature of Doped C60: Retraction: Z. Ishib,
Ceramic effigy from outside the Maya tomb of the Royal Scribe at Copán, Honduras, one of the artifacts depicted in Scribes, Warriors and Kings, reviewed on page 1062. In addition to views of what years of archeological inquiry tell us about the Maya, a two-century conspectus on developmental biology and critiques of the role of scientists in public affairs are among the features of this Book Issue. For a list of books reviewed in this issue, see page 1035. [Photograph: Kenneth Garrett]

**SPECIAL BOOK SECTION**

- Synaptotagmin: A Calcium Sensor on the Synaptic Vesicle Surface
  - N. Brose, A. G. Petrenko, T. C. Südhof, R. Jahn

- High-Frequency Network Oscillation in the Hippocampus
  - G. Buzsáki, Z. Horváth, R. Urioste, J. Hetke, K. Wise

- Acquisition of Myogenic Specificity by Replacement of Three Amino Acid Residues from MyoD into E12
  - R. L. Davis and H. Weintraub

- A Site on Rod G Protein α Subunit That Mediates Effector Activation
  - H. M. Rarick, N. O. Artemyev, H. E. Hamm

**SPECIAL BOOK SECTION**

- Scanning tunneling microscopy of organic superconductors

© SCIENCE (ISSN 0036-8075) is published weekly on Friday, except the last week in December, by the American Association for the Advancement of Science, 1333 H Street, NW, Washington, DC 20005. Second-class postage (publication No. 484460) paid at Washington, DC, and additional mailing offices. Copyright © 1992 by the American Association for the Advancement of Science. The title SCIENCE is a registered trademark of the AAAS. Domestic individual membership and subscription (51 issues): $67 ($47 allocated to subscription). Domestic institutional subscription (51 issues): $195. Foreign postage extra: Mexico, Caribbean (surface mail) $50; other countries (air assist delivery) $95. First class, airmail, student and emeritus rates on request. Canadian rates with GST available upon request, GST #125488122. Change of address: allow 6 weeks, giving old and new addresses and 11-digit account number. Postmaster: Send change of address to Science, P.O. Box 2033, Marion, OH 43005-2033. Single copy sales: $6.00 per issue prepaid includes surface postage; Guide to Biotechnology Products and Instruments, $20. Bulk rates on request. Authorization to photocopy material for internal or personal use under circumstances not falling within the fair use provisions of the Copyright Act is granted by AAAS to libraries and other users registered with the Copyright Clearance Center (CCC) Transactional Reporting Service, provided that the base fee of $1 per copy plus $0.10 per page is paid directly to CCC, 27 Congress Street, Salem, MA 01970. The identification code for Science is 0036-8075/83 $1 + . 10. Science is indexed in the Reader's Guide to Periodical Literature and in several specialized indexes.

The American Association for the Advancement of Science was founded in 1848 and incorporated in 1874. Its objectives are to further the work of scientists, to facilitate cooperation among them, to foster scientific freedom and responsibility, to improve the effectiveness of science in the promotion of human welfare, to advance education in science, and to increase public understanding and appreciation of the importance and promise of the methods of science in human progress.
