Unity in Diversity is the theme for the 1995 AAAS Annual Meeting and Science Innovation Exposition in Atlanta from 16 to 21 February. For the first time, the interdisciplinary traditions of the annual meeting will be blended with the biomedical research focus of the Science Innovation meeting. Researchers from every facet of science will convene to exchange ideas, publicize new knowledge, and discuss what is to come, not only within their disciplines but with regard to science in the context of society. See page 471 for a complete program with registration and hotel forms.
