Self-portrait by the Balinese painter I. Madé Djata (around 1938), from Mildred Geertz’s book Images of Power, reviewed on page 1218. Botanical art, German rocketry, discoveries of the Challenger expedition, and galactic photography are among the subjects of books treated in this special issue, beginning on page 1196. A listing of publishers’ addresses and an index of books reviewed in the past year are also included. [Note: The graphic devices that separate the groups of reviews are details from an illustration in Images of Power.]
