805
Receptor for cyclic AMP second messenger

826
On April 5, 2017 from http://science.sciencemag.org/
This Somali mother and child are emblematic of one of the major policy questions dealt with in this issue's special section (beginning on page 765) on women's health research: In developing countries, how much money should be allocated for infant health and how much for the prevention of maternal mortality? Elsewhere, the section addresses the subtle gender-based differences in patterns of disease and responses to therapy in developed nations. [Photo: Peter Menzel]
