Crystal structure showing active site of oxidized bovine heart cytochrome c oxidase at a resolution of 2.8 Å. A heme (pink and red) with a copper atom (light blue) nearby is the oxygen binding and reduction site to which electrons are supplied from the other heme and a dinuclear copper center, located 12 and 22 angstroms away, respectively. A magnesium atom (yellow) with a water oxygen (orange) is at the interface between subunits I (green) and II (white). See page 1069 and the related Perspective on page 1083.

RESEARCH ARTICLE

Structures of Metal Sites of Oxidized Bovine Heart Cytochrome c Oxidase at 2.8 Å

Deimos: An Obstacle to the Solar Wind
K. Sauer, E. Dubinin, K. Baumgärtel, A. Bogdanov

Photodeposition of Micrometer-Scale Polymer Patterns on Optical Imaging Fibers
B. G. Heasley, S. E. Foran, D. R. Walt

Self-Condensing Vinyl Polymerization: An Approach to Dendritic Materials

Scanning Interferometric Apertureless Microscopy: Optical Imaging at 10 Angstrom Resolution

SCIENCE (ISSN 0036-8075) is published weekly on Friday, except the last week in December, by the American Association for the Advancement of Science, 1333 H Street, NW, Washington, DC 20005. Second-class postage (publication No. 484468) paid at Washington, DC, and additional mailing offices. Copyright © 1995 by the American Association for the Advancement of Science. The title SCIENCE is a registered trademark of the AAAS. Domestic individual membership and subscription (51 issues): $97 (30% allocated to subscription). Domestic institutional subscription (51 issues): $228. Foreign postage extra. Mexico, Canadian (surface mail) $53; other countries (air-assist delivery) $93. First class, airmail, student and emeritus rates on request. Canadian rates with GST available upon request. GST #1254 88122. Printed in the U.S.A.

Change of address: allow 6 weeks. Giving old and new addresses and 11-digit account number. Postmaster: Send change of address to Science, P.O. Box 2033, Marion, OH 43305-2033. Single copy sales: $7.00 per issue prepaid includes surface postage, bulk rates on request. Authorization to photocopy material for internal or personal use under circumstances not falling within the fair use provisions of the Copyright Act is granted by AAAS to libraries and other users registered with the Copyright Clearance Center (CCC) Transactional Reporting Service, provided that $3.00 per article is paid to CCC, 27 Congress Street, Salem, MA 01970. The identification code for Science is 0036-8075/95 $3.00. Science is indexed in the Reader's Guide to Periodical Literature and in several specialized indexes.
