POSITIONS OPEN

FULL-TIME JOB OPPORTUNITY - ENVIRONMENTAL CHEMISTRY

Preferred Education: Doctorate
Salary: \$55,000 to \$80,000
Southern California Coastal Water Research
Project Authority, Costa Mesa, California

The Southern California Coastal Water Research Project Authority (SCCWRP), a coastal water quality research agency, is seeking an early to mid-career scientist with expertise in trace environmental contaminants. Candidates who specialize in emerging contaminants, passive measurement technology, bioaccumulation/bioavailability, and contaminant source identification and tracking are of particular interest. The successful candidate will develop and manage applied research projects within his/her specialty area and contribute relevant expertise in an interdisciplinary environment. Excellent written and verbal communication skills and the ability to publish in peer-reviewed journals are a must. The position is within SCCWRP's Chemistry Department, which features technical staff and facilities to support laboratory and field studies, including dedicated wet, instrumental, and specialty laboratories with accelerated solvent extraction (ASE), liquid scintillation counting, solid phase microextraction-compatible gas chromatography-mass spectrometry and compound-specific isotope ratio mass spectrometry systems. The preferred candidate will possess a Ph.D. in a relevant field of science or engineering with two years of post-doctoral or professional experience; an M.S. plus five years of direct, full-time experience will be considered. Salary range is \$55,000 to \$80,000, depending on qualifications and experience, and includes a full benefits package.

Located in Costa Mesa, California, SCCWRP is a joint powers agency focusing on marine environmental and coastal watershed research. Our mission is to gather the necessary scientific information to allow our member agencies to effectively and cost-efficiently protect the Southern California marine environment. Formed in 1969, SCCWRP is currently staffed by around 50 employees and sponsored interns from local and regional institutions. Our new facility, christened in 2007, has over 26,000 square feet of custom designed workspace.

Interested parties should submit the names of three references, a cover letter, and a resume to e-mail: personnel.chemist@sccwrp.org.

HEPATOLOGY PHYSICIAN SCIENTISTS and HEPATOLOGY RESEARCHERS

Multiple tenure-track or tenured faculty positions are available at the University of Kansas Medical Center (KUMC) to study liver health and disease. The Department of Medicine, the Department of Pharmacology, the Liver Center, and the Cancer Center at KUMC are working together to recruit dynamic investigators who focus on liver research to complement the existing strengths of our organization. Please visit **websites:** <http://www.kumc.edu/livercenter> and <http://kmcric.kumc.edu> to see a listing of our research expertise. We are interested in researchers specializing in areas including, but not limited to liver cancer, metabolic syndrome, alcohol- and nonalcoholic-induced steatohepatitis, inflammation, chemical- and hepatitis viral-induced liver injury, liver regeneration, and apoptosis. Physician scientists will be provided significant protected research time. Researchers with National Cancer Institute funding are encouraged to apply. Salary and rank will commensurate with experience. Generous competitive startup funds will be offered. Applicants should have an M.D. and/or Ph.D. degree. Applicants should provide the names of three references, curriculum vitae, and a statement of research interests. To review the position description and apply online go to **website:** <http://jobs.kumc.edu> and search for position J0083463. *The University of Kansas Medical Center is proud to be an Equal Opportunity/Affirmative Action Employer.*

POSITIONS OPEN

TENURE-TRACK FACULTY POSITION

The Department of Pharmacology at Loyola University Chicago Stritch School of Medicine is recruiting tenure-track faculty at the rank of **ASSISTANT/ASSOCIATE PROFESSOR**. Candidates with established, productive research programs that complement existing programs within both the Department and at least one of the Institutes (Cardiovascular, Neuroscience, or Oncology) are especially encouraged to apply. Generous startup funds and laboratory space are available. For more information about the Department visit **website:** <http://www.luhb.org/depts/pharmacology/index.html>. Applicants should have a Ph.D. and/or M.D., and be committed to excellence in both research and the teaching of pharmacology. Applications that include curriculum vitae, statement of research interests, and names of at least three references should be sent to: **Dr. Tarun B. Patel, Chair, Department of Pharmacology, Loyola University Chicago Stritch School of Medicine, 2160 S. First Avenue, Maywood, IL 60153 (e-mail: lgrimsb@lumc.edu).**

Equal Opportunity Employer and Educator. Drugfree and smokefree workplace.

CHAIR, DEPARTMENT of BIOLOGICAL SCIENCES

Clark Atlanta University
Affiliate of the United Methodist Church

The Department of Biological Sciences seeks applicants for the position of Department Chair. The Department offers both undergraduate and graduate (M.S. and Ph.D.) degrees in biological sciences. The successful candidate should possess the following: a Ph.D. degree in a modern area of biology with active and funded research programs, qualify for the rank of **ASSOCIATE or FULL PROFESSOR**, and possess teaching and administrative experience. Preference will be given to candidates whose research programs will complement a major focus of the Department of Biological Sciences in the area of cancer research.

Send a letter of application, curriculum vitae, three professional letters of reference, and statements of research interests and teaching philosophy to: **Search Committee: Chair of Biological Sciences, c/o Office of the Dean, School of Arts and Sciences, Clark Atlanta University, 223 James P. Brawley Drive, S.W., Atlanta, GA 30314**, or by e-mail: skirksey@cau.edu. The review of applications will begin immediately and continue until the position is filled.

Clark Atlanta University is an Equal Opportunity/Affirmative Action Employee.

ECOSYSTEMS ECOLOGIST Carleton College

The Department of Biology invites applications for a temporary one-year position for the 2008-2009 academic year, starting 1 September 2008. Teaching responsibilities include (1) an upper-level course in ecosystems ecology with laboratory; (2) a nonmajors course in global change biology; (3) an upper-level course in area of expertise, such as ecophysiology or paleoecology; and (4) introductory biology laboratories. Candidates should be committed to excellence in undergraduate teaching in a liberal arts environment. We are particularly interested in applicants who will strengthen the departmental commitment to students from underrepresented groups in the biological sciences. Applicant should have a Ph.D. degree or be near completion. Send letter of application, curriculum vitae, a brief statement of teaching and research interests, and three letters of reference to: **Prof. Matthew Rand, Department of Biology, Carleton College, Northfield, MN 55057-4025**. Application deadline is 1 May 2008. *Carleton College is an Affirmative Action/Equal Opportunity Employer. We are committed to developing our faculty to better reflect the diversity of our student body and American society. Women and members of minority groups are strongly encouraged to apply.*
