Science makes every effort to screen its ads for offensive and/or discriminatory language in accordance with US and non-US law. Since we are an international journal, you may see ads from non-US countries that request applications from specific demographic groups. Since US law does not apply to other countries we try to accommodate recruiting practices of other countries. However, we encourage our readers to alert us to any ads that they feel are discriminatory or offensive.

Science Careers

From the journal *Science*

POSITIONS OPEN

The Department of Biological Sciences at Marshall University invites applications for a tenure-track position at the **ASSISTANT PROFESSOR** level to begin fall 2008. We seek an **AQUATIC BIOLOGIST** with expertise in one or more of the following areas: limnology, entomology, aquatic toxicology, ichthyology, phycology, microbial ecology, watershed ecology, or other related discipline. Duties include teaching, mentoring student research, establishing an extramurally funded research program, and participating in service activities. Teaching assignments will be in the biological sciences majors' introductory series and the Watershed Resource Sciences Graduate Program. Candidates with interdisciplinary teaching and research interests are encouraged to apply. Candidates must possess a Ph.D. in biology or a closely related discipline. Demonstrated excellence in undergraduate teaching, experience mentoring students in research, and postdoctoral training are preferred. Qualified applicants should send a cover letter, current curriculum vitae, teaching philosophy, research interests and goals, and up to three selected reprints. Applicants should also arrange for three letters of reference to be sent directly to the Department. Application materials may be submitted electronically (preferred) to e-mail: aquaticbiologist@marshall.edu or by mail to: **Dr. Charles Somerville, Professor and Head, Division of Biological Sciences, Aquatic Biologist Search, Marshall University, One John Marshall Drive, Huntington, WV 25755**. Review of applications begins on 1 May 2008, and will continue until the position is filled. *Marshall is the recipient of two National Science Foundation awards that seek to increase diversity through the ADVANCE and LSAMP Programs; women and members of underrepresented minority groups are encouraged to apply.*

COMPUTATIONAL BIOLOGY/GENOMICS

The Center for Molecular Medicine and Genetics at Wayne State University seeks an outstanding **RESEARCH ASSISTANT PROFESSOR** or senior **POSTDOCTORAL FELLOW** in computational genomics. The successful candidate will be mentored with a long-term goal of building a rigorous, independent research career and will help maintain the Center's bioinformatics infrastructure. Our Center, located in the School of Medicine, is dedicated to excellence in research and education, and bridges clinical and basic science in the areas of neurological disease, mitochondrial disease, cardiovascular disease, comparative genomics, and novel mechanisms of gene regulation, including noncoding RNA. More information is at website: <http://www.genetics.wayne.edu>. To apply, please send curriculum vitae and contact information for three references to: **Ms. Mary Anne Housey, Center for Molecular Medicine and Genetics, Wayne State University School of Medicine, 540 E. Canfield Avenue, Detroit, MI 48201. Telephone: 313-577-5325; fax: 313-577-5218. E-mail: mhousey@med.wayne.edu.**

UCLA CENTER for VACCINE RESEARCH

A **DIRECTOR** is sought for the UCLA Center for Vaccine Research at the Los Angeles Biomedical Research Institute at Harbor-UCLA Medical Center. Candidates must have a significant record of accomplishment in the area of vaccines, infectious diseases, microbiology, molecular biology, epidemiology, or immunology and be eligible for academic appointment at the **ASSOCIATE or PROFESSOR** level at the David Geffen School of Medicine at UCLA. Both Ph.D. and M.D. investigators will be considered. A competitive recruitment package is available. Approximately 6,000 square feet of laboratory space is available in a new research building. Contact **Dr. Margaret Keller, Chief of Pediatric Infectious Diseases**, at telephone: 310-222-4175 or e-mail: keller@labiomed.org.

POSITIONS OPEN

MEHARRY

MEDICAL COLLEGE

NEUROSCIENCE CENTER DIRECTOR

Meharry Medical College is seeking a dynamic **NEUROSCIENTIST** to take a leadership role in enhancing translation, clinical, and human behavioral research as **ENDOWED PROFESSOR** and Director of the Center for Molecular and Behavioral Neuroscience. The Director will also be expected to establish, where appropriate, strategic linkages/collaborations with ongoing research at the Institution in cancer, HIV/AIDS, women's health or the cardio-metabolic diseases. The Center consists of a cadre of basic, clinical, and behavioral neuroscientists engaged in bench-to-beside-to-community research with foci in mechanisms of neurodegeneration, neuron-protection strategies, Alzheimer's disease, Parkinson's disease and neurotoxicology, addictions, and risk-taking behavior. The Center is home to three major neuroscience research programs and an affiliated interdisciplinary Ph.D. Program in Neuroscience, partially funded by a NIMH T32 training program award.

The academic appointment will be in the Department that is most consistent with the educational background and research interests of the candidate. Center investigators hold academic appointments in the Departments of Neurobiology and Neurotoxicology, Neurology, and Psychiatry and Behavioral Science. The successful applicant will have a record of substantial and continuous extramural funding and scholarly productivity. Administrative and budget management experience in an academic setting is desirable.

Located in Nashville, Tennessee, Meharry Medical College is the largest private, historically black institution exclusively dedicated to educating biomedical scientists and health care professionals in the United States. The Institution is composed of the Schools of Dentistry, Graduate Studies, and Medicine.

The screening of applications is ongoing and the position will remain open until a suitable candidate is identified. Interested individuals should submit a letter of interest summarizing their qualifications, along with curriculum vitae and contact information for three references, to:

Hubert K. Rucker, Ph.D.
Associate Vice President for Research
Meharry Medical College
1005 D.B. Todd Boulevard
Nashville, TN 37208
E-mail: hrucker@mmc.edu

PRESIDENT/CEO

President/CEO for Waltham-based specialty pharmaceutical company. Analyze project operations, identify new product opportunities, and conduct private/public fundraising. Promote company to both private and public investors and to merger/acquisition candidates. Minimum requirements: Master's degree (or equivalent) in accounting or finance, or employer will accept Bachelor's degree (or foreign equivalent) in accounting or finance plus five years of progressively more responsible work in the field; and four years of senior level investment/banking experience with companies in the life sciences, health, and biotechnology/medical device industries. Experience must include: qualified accounting experience in a multinational (Fortune 500) accounting firm; U.S. and European corporate finance experience in taking companies public; raising and managing \$10 million plus in venture capital/private funding; mergers and acquisitions transactions; experience as senior executive/officer of a life science company; scientific/technical understanding of biotechnology/pharmaceutical/life science industry; franchise building; and budget planning/analysis. Send cover letter/resume to: **Paul Perkins, 75 Third Avenue, #115, Waltham, MA 02451**.
