POSITIONS OPEN

The DEPARTMENT of PATHOLOGY University of California, San Francisco

The Department of Pathology at the University of California, San Francisco (UCSF) is seeking outstanding candidates to fill two tenure-track positions in cancer research, at the level of **ASSISTANT or ASSOCIATE PROFESSOR**. The successful applicants will be provided startup packages and space to establish strong independent research programs in cancer biology. Participation in teaching medical and graduate students is expected. The applicants must hold M.D. or M.D./Ph.D. degrees, and be Board-certified or eligible in anatomic pathology. Salary and appointment rank will be commensurate with the applicant's experience and training.

UCSF seeks candidates whose experience, teaching, research, or community service has prepared them to contribute to our commitment to diversity and excellence.

Applicants should send curriculum vitae, a brief statement of research plans, and three letters of recommendation to:

Walter Finkbeiner, M.D., Ph.D.
Chair of Search Committee
Re: Search #M-3040A&B
c/o Shirley McFaden, Personnel Manager
Department of Pathology
University of California San Francisco
185 Berry Street, Suite 101
Room 1013, P.O. Box 0506
San Francisco, CA 94143-0506

UCSF is an Affirmative Action/Equal Opportunity Employer. The University undertakes affirmative action to assure equal employment opportunity for underutilized minorities and women, for persons with disabilities, and for covered veterans. All qualified applicants are encouraged to apply, including minorities and women.

ASSISTANT or ASSOCIATE PROFESSOR, IMMUNOLOGY or MICROBIAL IMMUNOLOGY. A faculty position is available immediately in the Department of Microbiology and Immunology for an investigator specializing in the molecular aspects of one or more of the following areas: innate immunity, immunoregulation, autoimmunity, or immune responses to microbial organisms, though applicants in all areas of immunology will be considered. Applicants must have a Ph.D., M.D., D.V.M., or equivalent degree in the immunological, microbiological, or related biomedical sciences, at least two years of postdoctoral research experience, a history of high quality peer-reviewed publications, and an aptitude and willingness to participate in graduate and medical education. Applicants for the position of Assistant Professor must have a research project or plan that complements current research interests in the Department and School of Medicine, though specific collaborations need not be identified. Applicants for the position of Associate Professor must have a successful, independent, and ongoing research project. Interested individuals should submit their curriculum vitae, names of three references, and a summary of accomplishments and research plans to: **David Bradley, Department of Microbiology and Immunology, University of North Dakota School of Medicine, Grand Forks, ND 58202-9037.** Address e-mail inquiries to e-mail: dbradley@medicine.nodak.edu. Information about the School and Department can be found at website: <http://www.med.und.nodak.edu/depts/micro>. *The University of North Dakota is an Affirmative Action/Equal Employment Opportunity Employer and women and minorities are encouraged to apply.*

Pasadena City College is now hiring the following full-time, tenure-track position commencing with the 2008-2009 academic year: **PHYSIOLOGY, CELL, and MOLECULAR BIOLOGY INSTRUCTOR.** The final date to file the District application and all supporting documents is 12:30 p.m. on Monday, June 2, 2008. For complete job description visit website: <http://pasadena.edu> or call telephone: 626-585-7257. *Equal Opportunity Employer.*

POSITIONS OPEN

NEUROPATHOLOGIST University of Minnesota Department of Laboratory Medicine and Pathology Institute for Translational Neuroscience

Faculty position is available in neuropathology at the rank of **ASSISTANT to FULL PROFESSOR** (tenure track or tenured) depending on qualifications. This position will also be associated with the University of Minnesota's Institute for Translational Neuroscience and their Scholars Program. Minimum requirements are M.D., Board-certified or Board-eligible in anatomic pathology and neuropathology, and eligible for medical licensure in Minnesota. Key criteria are superlative scientific accomplishment and the promise of future research impact. Successful candidates must demonstrate the capability to establish vigorous, externally funded research; a commitment to medical, graduate, or undergraduate education; and leadership through vision and collaborative program development.

Translational Neuroscience Scholars will be affiliated with the Grossman Center for Memory Research and Care, the Wellstone Muscular Dystrophy Center, or the Center for Neurological Research. The Center has particular interest in candidates using animal models of dementia, movement disorders, and neuromuscular disease, as well as human degenerative diseases.

Applicant will also participate at some level in providing neuropathological services to the University of Minnesota Medical Center, Fairview, and University-affiliated hospitals. The Department has numerous opportunities for teaching medical students, residents, and graduate students in multidisciplinary areas.

Review of applications will commence immediately and continue until the position is filled. Applicants should send curriculum vitae, statement of research interests and intentions, and three letters of reference to:

Institute of Translational
Neuroscience-Neuropathologist Search
c/o Jean Kurata
Department of Laboratory Medicine
and Pathology
420 Delaware Street S.E., Mayo Mail Code 609
University of Minnesota
