*Science* makes every effort to screen its ads for offensive and/or discriminatory language in accordance with US and non-US law. Since we are an international journal, you may see ads from non-US countries that request applications from specific demographic groups. Since US law does not apply to other countries we try to accommodate recruiting practices of other countries. However, we encourage our readers to alert us to any ads that they feel are discriminatory or offensive.

**POSITIONS OPEN**

**COMPUTATIONAL BIOLOGIST  
Assistant Professor Level**

The Department of Biological Sciences at the University of Tulsa (**website:** <http://www.bio.utulsa.edu>) seeks a well-qualified individual (Ph.D. plus post-doctoral experience) to participate in the research and teaching initiatives of the new Institute of Bioinformatics and Computational Biology. Members of the Institute are drawn from faculty within the Departments of Biological Sciences and Mathematics and Computer Sciences. Beginning in the fall of 2009, the successful candidate will be expected to develop an externally funded research program in one of the following areas: bioinformatics, ecological modeling, computational biology, or systems biology. They will also participate in the departmental doctoral Program and teach discipline-appropriate courses at the graduate and undergraduate level.

The University of Tulsa is a private, comprehensive university with about 3,000 undergraduate and 1,400 graduate students and a student to faculty ratio of 11:1. Tulsa is a large urban community with several world-class museums, a zoo, and an aquarium. Tulsa's performing arts community includes a ballet theatre, opera, philharmonic orchestra, and Theatre Tulsa. The Tulsa Performing Arts Center regularly hosts Broadway productions and acts of international repute. Located in the Green Country of Oklahoma, Tulsa has many easily accessible lakes and recreational areas, has a low cost of living, and has excellent public and private schools.

To apply, send curriculum vitae, statement of research and teaching interests, reprints, and three letters of reference to: **Kenton S. Miller, Computational Biology Search Committee Chair, Department of Biological Science, The University of Tulsa, 600 S. College Avenue, Tulsa, OK 74104.** Review of applications will begin 1 November 2008, and continue until the position is filled.

*The University of Tulsa is an Equal Opportunity/Affirmative Action Employer.*

**EVOLUTIONARY BIOLOGIST  
ASSISTANT PROFESSOR**

The Department of Biology at Western Kentucky University invites applications for a nine-month, tenure-track appointment as Assistant Professor in evolutionary biology. Candidates with expertise in any field of evolutionary biology including population genetics, morphological and molecular evolution, evolution of development, and evolution of behavior are encouraged to apply. Ph.D. required, postdoctoral experience preferred. Additional qualifications include ability to teach and mentor undergraduate and graduate students with a high level of effectiveness, excellence in research, commitment to pursuit of extramural funding, and willingness to participate in departmental and university service. Teaching responsibilities will include undergraduate and graduate courses in evolution and other subjects suitable to the successful candidate's area of expertise. The ability to teach introductory biology or biostatistics is desirable, as is a willingness to participate in campus bioinformatics initiatives. Submit a cover letter, curriculum vitae, separate statements of teaching and research interests, up to three representative reprints, and three letters of recommendation. Application materials may be sent as an e-mail attachment in the form of a single PDF file to **e-mail: evolution.search@wku.edu** or mailed to: **Evolutionary Biology Search, Department of Biology, Western Kentucky University, 1906 College Heights Boulevard #11080, Bowling Green, KY 42101-1080.** Review of applications begins November 7, 2008, and will continue until the position is filled. Preferred start date is August 15, 2009. For more detailed information about the Department visit **website: http://bioweb.wku.edu.** Western Kentucky University is committed to the promotion of stewardship and student engagement. *All qualified individuals are encouraged to apply including women, minorities, persons with disabilities, and disabled veterans. Western Kentucky University is an Affirmative Action/Equal Opportunity Employer.*

**POSITIONS OPEN**

**TENURE-TRACK FACULTY POSITIONS  
Molecular Immunology and Cell Signaling  
Virginia Commonwealth University  
School of Medicine**

Virginia Commonwealth University School of Medicine is establishing a new Organized Research Unit (ORU) in the areas of molecular immunology, cell signaling, and metabolism. Outstanding individuals with expertise in immune response mechanisms, cancer biology, cell metabolism and cell signaling are encouraged to apply. Members of this ORU, which is designed to foster a highly interactive environment, will share laboratory space in the new medical science building. Candidates will be considered at all ranks based upon qualifications and experience, and will have primary appointments in departments throughout the School of Medicine.

Substantial startup and salary packages are available for outstanding investigators.

VCU has a very active community of investigators and is committed to providing an outstanding research environment. More information about the School of Medicine and Departments, and this open position can be found at **websites: <http://www.vcu.edu/biochem/department/pos.shtml> and <http://www.pubinfo.vcu.edu/facjobs/>.**

Applicants should submit their curriculum vitae, names, and e-mail addresses of three references, and a summary of research and teaching interests by e-mail to: **Dr. Andrew Larner (e-mail: [alarnervcu.edu](mailto:alarnervcu.edu)), Department of Biochemistry, Virginia Commonwealth University School of Medicine.**

*Virginia Commonwealth University is an Equal Opportunity/Affirmative Action Employer. Women, persons with disabilities, and minorities are encouraged to apply.*

**FACULTY POSITION  
University of Maryland School of Medicine  
Department of Medical and Research Technology**

The Department of Medical and Research Technology at the University of Maryland School of Medicine in Baltimore, Maryland is currently accepting applications for a full-time faculty position focused on teaching and independent research. Applicants should have a Ph.D. degree, teaching experience in the area of cellular and molecular biology, and evidence of scholarly achievement, to include a history of funded research and current research funding. Academic appointment and salary will be commensurate with experience.

The Department of Medical and Research Technology offers one of the largest Medical Technology Programs in the mid-Atlantic area. Students can earn both undergraduate and graduate degrees, plus professional certification. Our graduates are prepared to become clinical laboratory scientists (medical technologists) or biotechnologists. The University of Maryland School of Medicine is the fifth oldest and first public Medical School in the nation, and the founding school of the University of Maryland. The School of Medicine ranks in the top tier of medical schools nationally and has approximately \$344 million in research grant awards and contracts.

Applicants should forward their curriculum vitae, a brief statement of recent interests, and the names of three references to: **Sanford A. Stass, M.D., Professor and Interim Chair, Department of Medical and Research Technology, University of Maryland School of Medicine, c/o Ms. Pati Butler (e-mail: [pabutler@som.umaryland.edu](mailto:pabutler@som.umaryland.edu)), 10 South Pine Street, Room 7-00, Baltimore, MD 21201-1192.**

*The University of Maryland, Baltimore is an Equal Opportunity, Affirmative Action Employer. Minorities, women, veterans, and individuals with disabilities are encouraged to apply.*
