Science makes every effort to screen its ads for offensive and/or discriminatory language in accordance with US and non-US law. Since we are an international journal, you may see ads from non-US countries that request applications from specific demographic groups. Since US law does not apply to other countries we try to accommodate recruiting practices of other countries. However, we encourage our readers to alert us to any ads that they feel are discriminatory or offensive.

Science Careers

From the journal *Science*

I'm not

adventurous

All I want is to follow my heart, embrace a journey that will challenge conventions and unravel new discoveries.

Dixon Grant
Student
Utah, USA

A partnership between Duke University in the United States and the National University of Singapore, the Duke-NUS Graduate Medical School Singapore believes in challenging remarkable individuals who have the passion for discovery.

DUKE NUS
GRADUATE MEDICAL SCHOOL SINGAPORE

If you want to join a team of outstanding biomedical researchers dedicated to making a difference in science and healthcare, and are ready to take on inspiring roles at Duke-NUS, we have a number of opportunities for you to explore.

Faculty:

The Research Programs in Cancer and Stem Cell Biology, Emerging Infectious Diseases and Health Services Research are currently recruiting faculty at all academic ranks. In addition, the Programs in Cardiovascular and Metabolic Disorders and Neuroscience and Behavioral Disorders are recruiting Directors.

Postdoctoral Fellowships:

All Research Programs at Duke-NUS are currently recruiting research fellows. Interested individuals are encouraged to communicate directly with the relevant Principal Investigator.

For more information on Careers and Research Programs at Duke-NUS, visit www.duke-nus.edu.sg
