Science makes every effort to screen its ads for offensive and/or discriminatory language in accordance with US and non-US law. Since we are an international journal, you may see ads from non-US countries that request applications from specific demographic groups. Since US law does not apply to other countries we try to accommodate recruiting practices of other countries. However, we encourage our readers to alert us to any ads that they feel are discriminatory or offensive.

Seattle Children's
HOSPITAL • RESEARCH • FOUNDATION

Neurological Surgery Associate Professor / Professor

The recently established Center for Neuroscience at the Seattle Children's Research Institute invites applications for a full-time faculty position, with the University of Washington School of Medicine Department of Neurological Surgery, at the rank of Associate Professor or full Professor, without tenure. Qualified applicants should be established investigators who are applying techniques of molecular, genetic or cellular biology to study mechanisms underlying hydrocephalus. The Center for Neuroscience at the Seattle Children's Research Institute's research vision is to restore children's health through a mechanistic understanding. The applicant's area of research interest should be complementary to the interests of current faculty working on various areas of neuroscience and bioengineering. Researchers interested in understanding CSF hydrodynamics, choroid plexus function, neuroendocrinology, brain metabolism, blood brain barrier function, brainstem neurobiology and proteomics research are particularly encouraged to apply. The successful candidate must have a M.D. and/or Ph.D. degree and have active nationally funded research grants. Level and salary will be based on applicant's qualifications and experience. Responsibilities of the position include development of an independent, extramurally funded research program, establishing a hydrocephalus section within the Center for Neuroscience and mentoring graduate and post-doctoral students and junior faculty investigators.

This position is open until filled. Address any inquiries to **Dr. Jan-Marino Ramirez, Center Director**, at nino.ramirez@seattlechildrens.org. Please send CV, a statement of current and future research interests and the names and contact information of three references to: **Wendy Kramer, Seattle Children's Research Institute, 1900 Ninth Avenue, M/S C9S-9, Seattle, WA 98101.**

For more information about Seattle Children's Research Institute, please visit:
<http://research.seattlechildrens.org>.

*All University of Washington faculty engage in teaching, research, and service.
The University of Washington is an Equal Opportunity/Affirmative Action Employer.
Women and minorities are encouraged to apply.*

UW Medicine
SCHOOL OF MEDICINE

National Institute for Materials Science

Principal Investigator

International Center for Materials Nanoarchitectonics National Institute for Materials Science, JAPAN

The National Institute for Materials Science (NIMS) invites applications for principal investigators at the International Center for Materials Nanoarchitectonics (MANA), Tsukuba, Japan. Applications for experimental or theoretical work in the Nano-Bio or Nano-Green research fields are welcome. A few appointments will be considered. Information about MANA is available at <http://www.nims.go.jp/mana/>.

We are looking for outstanding scientists with internationally recognized experience and a strong record of research performance in Nanotechnology for biomedical or energy and environmental applications. The candidate must also be able to demonstrate his/her potential for attracting external research funding. Annual base salary ranges from 10 million JPY to 20 million JPY, depending on qualification and experience. We offer enough start-up funds, a high degree of work autonomy, and a highly international research environment with new state-of-the-art equipment and facilities.

Inquiries about employment conditions can be addressed to the **MANA Administrative Director Takahiro Fujita** (FUJITA.Takahiro@nims.go.jp). Candidates should send a curriculum vitae, bibliography, statement of research interests and a list of references to mana@nims.go.jp by **July 31, 2009**. Only electronic submission will be accepted. MANA wishes to increase the share of female scientists and especially welcomes application from women.
