POSITIONS OPEN

RUTGERS

**FACULTY POSITION
Cell and Molecular Biology**

The Federated Department of Biological Sciences at Rutgers University–Newark invites applications for a tenure-track, full-time **ASSISTANT PROFESSOR** position in the broadly defined area of molecular and cellular biology. Applicants must have a Ph.D. degree or equivalent along with postdoctoral training. The successful candidate will receive generous startup support and laboratory space in anticipation of developing a robust, externally funded, independent research program and contributing to the teaching mission of the Department. Candidates having demonstrated expertise using *in vitro* and *in vivo* mammalian model systems to study cell and molecular biological aspects of signal transduction of growth factors/neurotransmitters, cell polarity, cell-cell interaction, and organelle biogenesis are strongly encouraged to apply.

Applicants should submit a single PDF document (including cover letter, curriculum vitae, brief summary of current/proposed research plans, and selected publications) and should have three letters of recommendation forwarded to the following address: **e-mail: biosearch@newark.rutgers.edu**. Review of applications will begin October 15, 2009.

Rutgers University is the recipient of the NSF ADVANCE Institutional Transformation Award and it is also an Affirmative Action/Equal Opportunity Employer.

The University of Missouri School of Medicine is seeking a clinician researcher for a tenure-track faculty position at the rank of **ASSISTANT or ASSOCIATE PROFESSOR**; however, outstanding applicants at **FULL PROFESSOR** will be considered. The position will be in the Department of Child Health and the Department of Nutrition and Exercise Physiology. Applicants must have an M.D. or D.O. degree and be Board certified in any pediatric subspecialty. Applicants who are registered dietitians or have an additional degree of Ph.D. are especially welcome. The position will be for 25 percent clinical time and will have 75 percent protected research time. The successful candidate will have a demonstrated track record of research with an interest area of childhood nutrition. Responsibilities will also include teaching/advising Nutritional Sciences graduate students and Child Health residents and medical students.

You may direct your inquiries, letters of reference, and curriculum vitae to: **Christopher Hardin, Ph.D., Chairman, Department of Nutrition and Exercise Physiology, 217 Gwynn Hall, University of Missouri, Columbia, MO 65211**. Electronic applications preferred to **e-mail: umchesnjobs@missouri.edu**. Initial questions related to the clinical aspects of the position may be directed to: **Timothy Fete, M.D., M.P.H., Chairman, Department of Child Health, telephone: 573-882-6882; e-mail: fetet@health.missouri.edu**. Active review of applications will begin October 15, 2009, and will continue until the position is filled. Visit the University of Missouri-Columbia's website: **<http://www.missouri.edu/>**. Direct ADA accommodation requests to our coordinator at **telephone: 573-884-7278 (V/TTY)**.

The University of Missouri is very interested in promoting a diverse work environment and has programs in place, such as an NSF ADVANCE grant, to promote diversity on campus. The University of Missouri is an Equal Opportunity, Affirmative Action Employer, and complies with the guidelines set forth in the Americans with Disabilities Act of 1990.

POSITIONS OPEN

**FACULTY POSITIONS
University of Washington**

Molecular, Cell and Developmental Biology, Neurobiology and Physiology, Ecology, Evolution & Conservation Biology, Organismal Physiology

As part of a long-term hiring plan, the Department of Biology (website: <http://www.biology.washington.edu>) is conducting a search for outstanding scientists in all areas of biology. To enhance a forward-looking faculty while maintaining traditional excellence, we encourage applications this year from candidates working in organismal physiology, cell and developmental biology, or novel syntheses of these areas. A record of outstanding achievement, a promising research program, and a commitment to teaching are more important than the specific research topic or study organism. Tenure-track appointments at the **ASSISTANT** or **ASSOCIATE PROFESSOR** rank are anticipated. Priority will be given to applications received by 15 October 2009 at website: <http://www.biology.washington.edu/fachires/>. Applicants must have earned a doctorate by the date of appointment. All University of Washington faculty engage in teaching, research, and service. *UW is an Affirmative Action, Equal Opportunity Employer. We have a culturally diverse faculty and staff and strongly encourage applications from women, minorities, individuals with disabilities, and covered veterans.*

**ASSISTANT PROFESSOR
MIT Department of Earth, Atmospheric and Planetary Sciences**

The Massachusetts Institute of Technology Department of Earth, Atmospheric and Planetary Sciences, within its Program in Atmospheres, Oceans, and Climate, seeks applicants for a tenure-track faculty position in atmospheric chemistry. Areas of specific interest include multiphase (gas, aerosol, cloud) chemical and physical processes and the multiple roles of atmospheric chemistry in climate. Our preference is for a scientist with strong laboratory and/or field measurement experience, but scientists with outstanding theoretical and modeling experience applied to field measurements are also encouraged to apply.

The successful candidate will have a Ph.D. or be near completion of degree or have completed a Ph.D. by the start date of employment. The candidate will also have a strong record of accomplishment in a discipline, a strong commitment to teaching and student advising, and an abiding interest in relating the work to complementary work in the atmospheric and climate sciences at MIT. Joint appointments with other MIT departments are also potentially negotiable where appropriate.

More information about this position can be obtained by writing to **Prof. Ronald Prinn, e-mail: rprinn@mit.edu**. A completed application will include curriculum vitae, a statement of your research and teaching objectives, and the names of five potential references.

Applications are being accepted at Academic Jobs Online (website: <https://academicjobsonline.org/ajol>). To receive full consideration, a completed application must be received.
