## POSITIONS OPEN

### TENURE-TRACK FACULTY POSITION Departments of Chemistry and Biochemistry and Biology USTAR Initiative Utah State University

The Utah Science, Technology and Research (USTAR) initiative, along with the Departments of Chemistry and Biochemistry and Biology at Utah State University, invites applications for a tenure-track position at any rank. Candidates must have a Ph.D. in biochemistry, biology, or a related field, with postdoctoral and faculty experience preferred. The successful applicant will develop a funded research program in some area of phototrophic microbes, and will be expected to teach at the graduate and undergraduate levels. Preference will be given to candidates with research programs that complement the USTAR Biofuels research program goals of developing phototrophic microbes as a feedstock for biofuels. The position is funded by a grant from the USTAR initiative, a statewide program that aims to promote commercialization of technologies at the state universities. Applicants should submit curriculum vitae, a concise description of future research projects, associated major research infrastructure needs, and the names and e-mail addresses of three references online at [website: http://jobs.usu.edu](http://jobs.usu.edu) requisition 052021). Evaluation of applications will begin March 15, 2010, and will continue until the position is filled. For further information please visit our [website: http://www.chem.usu.edu](http://www.chem.usu.edu). Utah State University is an Equal Opportunity/Affirmative Action Employer committed to assembling a diverse faculty. Women and members of minority groups are strongly encouraged to apply.

### ASSISTANT PROFESSOR OF BIOTECHNOLOGY

The Biology Department at The Catholic University of America has an opening for a tenure-track Assistant Professor position in its new Biotechnology Program ([website: http://biotechnology.cua.edu](http://biotechnology.cua.edu)). The Biology Department also has a strong research emphasis in basic cell and molecular biology and offers undergraduate and graduate programs including the Ph.D. ([website: http://biology.cua.edu](http://biology.cua.edu)). The successful candidate will teach graduate courses in biotechnology, assist in further development of the biotech program, and maintain an externally sponsored research program in an area of biotechnology. We seek candidates who have a strong publication record and experience in the biotechnology industry, research as well as product development. Please send curriculum vitae, a statement of career interests, and three letters of reference by April 30, 2010, to: **Dr. Venigalla Rao, Department of Biology, The Catholic University of America, 620 Michigan Avenue N.E., Washington, DC 20064.** E-mail: [rao@cua.edu](mailto:rao@cua.edu).

The Catholic University of America was founded in the name of the Catholic Church as a national university and center of research and scholarship. Regardless of their religious affiliation, all faculty are expected to respect and support the University's mission. *The Catholic University of America is an Affirmative Action/Equal Opportunity Employer, Veterans/Persons with Disabilities/Minorities/Females.*

### CANCER STEM CELL FACULTY POSITION

Join an internationally respected group in regenerative medicine and stem cell research. The Wake Forest Institute for Regenerative Medicine (WFIRM) and the Comprehensive Cancer Center of Wake Forest University are soliciting applications to fill a mid-career, tenure-track, or tenured faculty position in cancer stem cell research and tumor microenvironment. Candidates should hold a Ph.D. or M.D. Primary appointment with WFIRM; joint appointment in the Department of Cancer Biology. Electronically submit curriculum vitae and concise statement of research plans to e-mail: [swilder@wfubmc.edu](mailto:swilder@wfubmc.edu). *Affirmative Action/Equal Opportunity Employer.*

## POSITIONS OPEN

### DIRECTOR

### Pittsburgh NMR Center for Biomedical Research Carnegie Mellon University, Pittsburgh, PA

The Pittsburgh Nuclear Magnetic Resonance Center, jointly sponsored by Carnegie Mellon University and the University of Pittsburgh, seeks a new Director. The Center is dedicated to advancing state-of-the-art in vivo magnetic resonance imaging and magnetic resonance spectroscopy processes and tools to better understand tissue and organ function, and to making these tools available to the greater biomedical research community. We seek candidates with outstanding records of accomplishment and innovation, and a vision for development of this research-driven collaborative enterprise. Applicants at the Associate or Full Professor level will be considered.

Applicants should submit a cover letter describing their qualifications and interest in this position, curriculum vitae, and contact information for three individuals who can provide letters of recommendation to: **Aaron P. Mitchell, Ph.D., Chair, Nuclear Magnetic Resonance Center Director Search Committee, Department of Biological Sciences, Carnegie Mellon University, 4400 Fifth Avenue, Pittsburgh, PA 15213.** Please electronically send these materials to e-mail: [nmr-search@andrew.cmu.edu](mailto:nmr-search@andrew.cmu.edu).

Carnegie Mellon offers outstanding health, retirement, and tuition benefits.

*The University is an Equal Opportunity/Affirmative Action Employer committed to building a diverse faculty. Women and members of minority groups underrepresented in academia are especially encouraged to apply.*

### ASSISTANT PROFESSOR, TENURE TRACK

The Department of Zoology at Oklahoma State University ([website: http://zoology.okstate.edu](http://zoology.okstate.edu)) invites applications for an Assistant Professor in organismal (including humans) evolution. Applicants should have a Ph.D., postdoctoral experience, teaching experience, and success in obtaining extramural funding. Responsibilities include establishing an extramurally funded research program, mentoring M.S. and Ph.D. students, and teaching at the undergraduate and graduate levels. Applicants should submit a letter of application, curriculum vitae, separate statements of research interests and teaching philosophy, and three publications electronically to e-mail: [kristen.baum@okstate.edu](mailto:kristen.baum@okstate.edu) or by surface mail to: **Dr. Kristen Baum, Chair, Search Committee, Department of Zoology, Oklahoma State University, 501 Life Sciences West, Stillwater, OK 74078.** Three letters of recommendation should be sent directly by the applicant's references by surface mail. Application review will begin 15 April 2010, with employment beginning 1 January 2011. Filling of this position is contingent upon availability of funding. *Oklahoma State University is an Affirmative Action/Equal Employment Opportunity/E-Verify Employer committed to diversity. OSU Stillwater is a tobacco-free campus.*

### ASSISTANT, ASSOCIATE, or FULL PROFESSOR Computational Biology Microbiology and Cell Science Department University of Florida

The Department of Microbiology and Cell Science at the University of Florida invites applications and nominations for a 12-month, tenure-track position at Assistant, Associate, or Full Professor level to develop an independent research program in computational biology. Applicants should have a Ph.D. in the biological or computer sciences with a strong publication record in computational biology. The successful candidate is expected to develop an outstanding research program, supervise Ph.D. candidates, and be an innovative instructor. To apply, electronically submit curriculum vitae, description of research interests, and names of three references in one PDF file to [website: http://jobs.ufl.edu/applicants/requisition#0804059](http://jobs.ufl.edu/applicants/requisition#0804059). For questions concerning this position, contact **Professor Graciela Lorca, Chair of Search and Screen Committee, e-mail: [glorca@ufl.edu](mailto:glorca@ufl.edu)**. Review of applications begins April 1, 2010. *The University of Florida is an Equal Opportunity Employer.*
