POSITIONS OPEN

UT SOUTHWESTERN MEDICAL CENTER

TENURE-TRACK POSITIONS

The University of Texas
Southwestern Medical Center

ASSISTANT PROFESSORS. The Department of Physiology invites outstanding scientists with Ph.D., M.D., or equivalent degrees to apply for tenure-track Assistant Professor positions. Candidates who use innovative optical, mechanical, electrical, molecular, biological, or computational methods with important applications to physiological systems, ranging from individual genes and proteins to cells and organs are encouraged to apply. However, the scientific excellence of the candidates is more important than the specific area of research.

These positions are part of the continuing growth of the Department at one of the country's leading academic medical centers and will be supported by significant laboratory space on our new campus, competitive salaries, and exceptional start-up packages. The University of Texas Southwestern Medical Center is the scientific home to four Nobel Prize laureates, 18 members of the National Academy of Sciences, and 18 members of the Institute of Medicine. UT Southwestern conducts more than 3,500 research projects annually totaling more than \$400 million.

Applicants should submit curriculum vitae, a brief statement of research plans, and arrange to have three letters of reference sent to: **James Stull, Ph.D., c/o Ronald Doris, Department of Physiology, The University of Texas Southwestern Medical Center, 5323 Harry Hines Boulevard, Dallas, TX 75390-9040.**

UT Southwestern strongly encourages applications from women, minorities, and people with physical challenges. An Equal Opportunity Employer.

INTEGRATIVE VERTEBRATE PHYSIOLOGIST Vassar College

The Department of Biology at Vassar College invites applications for a tenure-track faculty position at the level of **ASSISTANT PROFESSOR** beginning fall 2011. We seek a broadly trained vertebrate physiologist who will integrate across levels in their teaching and research. Candidates must be able and willing to teach animal physiology (an intermediate laboratory course in Biology), teach at all curricular levels in Biology, and teach and advise students in the interdepartmental Neuroscience and Behavior program. Specialties that we encourage include organismal, systems, environmental, evolutionary, or sensory physiology; and endocrinology, neurochemistry, or neurophysiology. The successful candidate will have a dedicated research laboratory and office, a student research assistant, start-up funds, and access to shared departmental facilities and equipment such as fully staffed vivarium and microscopy facilities. Development of a productive research program with student participation is expected. A Ph.D. is required and postdoctoral experience is preferred. To apply, please visit **website: <http://deanofthefaculty.vassar.edu/positions>** to link to the posting for this position. Applicants should submit curriculum vitae, unofficial transcripts, representative reprints, a statement of research interests and goals, a statement of teaching interests and philosophy, and three letters of reference. **Website: <http://biology.vassar.edu/>**. Review of applications will begin on October 18, 2010, and continue until the position is filled. *Vassar College is an Equal Opportunity/Affirmative Action Employer and is strongly and actively committed to diversity within its community. Applications from members of historically underrepresented groups are especially encouraged.*

Engineering and Public Policy at Carnegie Mellon seeks **DOCTORAL STUDENTS** with technical backgrounds to address policy issues such as: electric power, energy and environment, advanced vehicles, nanotechnology, climate change, cybersecurity, privacy, IT policy, risk analysis and regulation, management of innovation, and R&D. Opportunities for dual-degrees with Portugal available. See **website: <http://www.epp.cmu.edu>**. **Victoria Finney, EPP, Carnegie Mellon, Pittsburgh, PA 15213 USA.**

POSITIONS OPEN

VIROLOGY FACULTY POSITION University of Maryland School of Medicine Department of Microbiology & Immunology Baltimore, Maryland

The Department of Microbiology & Immunology at the University of Maryland School of Medicine is recruiting new or established investigators with actively funded research programs in host-pathogen interactions. Highly qualified individuals will be considered for tenure-track positions at the rank of **ASSISTANT, ASSOCIATE, and PROFESSOR.**

The Department and the School of Medicine have significant strengths in microbial pathogenesis, vaccine development, HIV biology, genome sciences, inflammation, innate and adaptive immunity, clinical infectious diseases, and international medicine. The Department offers excellent laboratory facilities, competitive salary and start-up packages, and access to numerous core facilities including state-of-the-art BSL3 and ABSL3 facilities.

We are particularly interested in candidates who use multidisciplinary approaches to investigate the interaction of viral pathogens with the host and with a strong desire to interact with other investigators in the institution.

Successful candidates are expected to maintain active research programs and participate in department teaching and service opportunities.

Interested applicants are invited to submit the following in a single PDF file to **e-mail: microfacsearch@som.umaryland.edu**: (1) detailed curriculum vitae, (2) statement of research interests, goals, and (3) names and contact information for three to five references. Applications should be addressed to the attention of: Chair, Faculty Search Committee.

Application will be accepted through January 31, 2011.

The University of Maryland, Baltimore is an Equal Opportunity/Affirmative Action Employer.

ASSISTANT PROFESSOR in Neuroscience

Washington State University Vancouver invites applications for a tenure-track Assistant Professor position in Neuroscience. We seek candidates who can develop an independent and extramurally funded research program that includes molecular approaches, while also having an interest in collaborating with successful neuroscientists specializing in behavioral pharmacology and electrophysiology. Candidates with research interests related to drug abuse and/or sensory systems are of particular interest. The ability to teach high quality and engaging undergraduate and graduate courses in molecular and cellular biology is required. Teaching expectations involve one class per semester in addition to providing research mentoring to undergraduate and graduate students. Awareness of and sensitivity to issues of diversity in curricular offerings and service activities is desired. Applicants must have a Ph.D. and a minimum of two years postdoctoral experience. Go to **website: <http://www.wsujobs.com>** for more information.

Applications should be submitted via e-mail to **Janet Dewitt (e-mail: jldewitt@vancouver.wsu.edu)** and include: (1) a cover letter describing training and experience related to the specified qualifications, (2) curriculum vitae, (3) a description of research goals and plans, (4) a statement of teaching philosophy and interests, and (5) three letters of reference. Review of completed applications will begin on December 3 and continue until the position is filled. Questions should be directed to **Dr. Michael Morgan at e-mail: mmmorgan@vancouver.wsu.edu**.

Washington State University is an Equal Opportunity/Affirmative Action Educator and Employer. Members of underrepresented groups in science are strongly encouraged to apply.
