world.SM

Lower pricing means you don't have to sacrifice quality.

Enjoy the best combination of product quality and value when you select BD Biosciences multicolor flow cytometry reagents.

For over 25 years BD Pharmingen™ brand reagents have been developed and manufactured with strict controls and high standards to ensure high lot-to-lot consistency and performance on BD flow cytometers.

Our ever expanding portfolio is the most cited on the market and includes rare combinations of antibodies and fluorochromes that let you use BD reagents across your entire multicolor panel. Recent portfolio additions include the innovative

Helping all people live healthy lives

BD Horizon™ Brilliant Violet™ dyes which are 5–10X brighter than conventional dyes to assist the resolution of rare or dim populations.

All BD Biosciences reagents are backed with expert technical support and a variety of tools and information to enable you to get the most from your multicolor panels and help speed your research. Now, new pricing makes high quality and reliability more affordable.

You may also be eligible for a more attractive institutional discount—contact your BD Biosciences sales representative to find out more at bdbiosciences.com/reagents
