

# Introducing the new BD FACSAria™ Fusion

Integrated cell sorting and biosafety.

The fusion of safety,  
performance, and sorting.

The BD FACSAria™ Fusion cell sorter is built on the solid foundation of patented technologies, exceptional multicolor performance and ease-of-use that was first brought to the world of sorting by the launch of the BD FACSAria™ cell sorter in 2003.

Now this sorting know-how is combined with best-in-class biosafety expertise to create the BD FACSAria Fusion, a fully integrated advanced cell sorter and biosafety solution for research laboratories.

Helping all people  
live healthy lives

The BD FACSAria Fusion has been verified to meet personnel and product protection standards for a Class II Type A2 biosafety cabinet, the National Sanitation Foundation International Standard 49, the European Standard 12469, and the Australian Standard AS 2252.2–2009.

Choose up to six laser wavelengths and 20 detector positions to measure up to 18 colors simultaneously.
