NANJING TECH  
UNIVERSITY

海外领军人才招聘

## Overseas Talents Recruitment

Nanjing Tech University, with a history of more than one hundred years, is a multidisciplinary university with a particular strength in engineering.

Aiming at excellence and innovation, Nanjing Tech University is set to become a first-class research university with a global vision. We are now seeking outstanding academic and research leaders in the following and related fields: Basic disciplines from within the Physical Sciences; Cutting edge disciplines from within the Life Sciences; Applied disciplines from within the Information Sciences; Humanities represented by Management Science.

Applicants should have a Ph.D. with at least 3-years research experience from leading universities or institutes. Candidates should demonstrate an internationally recognized research record and outstanding achievements. Successful candidates are expected to develop vigorous research programs and lead an independent research team. Successful candidates will be provided with a competitive relocation fee and salary package, generous start-up funds and spacious laboratories.

Interested candidates should visit <http://rczyb.njtech.edu.cn> for application details.

Phone: Ms. Wang +86-25-58139148.

## Opening of the Director's Position and Faculty Positions in the New Institute of Health Informatics at Peking University

### DIRECTOR'S POSITION AND FACULTY POSITIONS

Peking University is establishing a new Institute of Health Informatics that aims to advance research and teaching in all areas of health informatics. Director's position and several faculty positions at all academic levels are open for application.

Faculty in the new institute can have joint appointments at Peking University's Medical Center and the School of Interdisciplinary Research. Faculty are expected to develop new methodologies and technologies to manage, query, and analyze clinical data and/or perform innovative analysis to find new patterns and trends that have significant impact on clinical practice or health policy. Faculty are especially encouraged to interact with the university's nine affiliated hospitals and other health care organizations in China to take advantage of China's vast clinical resource. Faculty are expected to teach core courses on the curriculum.

The Director, in addition to his/her role as a faculty member, is also expected to lead the institute in world-class research, develop a comprehensive curriculum, recruit faculty members, and establish collaborations with the university's nine affiliated hospitals and other health care organizations in China.

Candidates should have a doctorate degree and strong research background in a related field. Hiring levels will be commensurate with experience and achievements. Interested applicants please send CV, research statement, teaching statement, five representative publications, and contact information of three references to Ms Siyuan Gong ([gongsy@pku.edu.cn](mailto:gongsy@pku.edu.cn)), and include a cover letter indicating the position applying to.

Peking University provides competitive salary and funding support for research and teaching. Successful candidates may also be supported by the Peking-Tsinghua Center for Life Sciences. The recruitment continues until all the positions are filled.
