UNIVERSITÄT
HEIDELBERG
ZUKUNFT
SEIT 1386

The Department of Physics and Astronomy at Heidelberg University invites applications for a

FULL PROFESSORSHIP (W3) IN EXPERIMENTAL PHYSICS (ENVIRONMENTAL PHYSICS)

The position will be hosted at the Institute for Environmental Physics.

Candidates are expected to conduct atmospheric research and should have an internationally recognized track record in the field of environmental studies of the atmosphere. Possible subject areas include the physical basis of climate dynamics, remote sensing of the atmosphere or the study of trace gases, but are not limited to those topics.

Requirements for an application include a degree and doctorate in physics and/or closely related fields as well as a research and training track record similar to the requirements needed for a habilitation in physics, or the successful accomplishment and evaluation of a junior professorship position or similar qualification.

The successful candidate is expected to participate in the bachelor and master lecture and teaching programs of the Department of Physics and Astronomy in accordance with the usual University obligations.

Heidelberg University seeks to increase the percentage of female researchers in domains where women are underrepresented; hence qualified female researchers are particularly encouraged to apply. Preference will be given to disabled applicants with equal qualifications for the position.

Applications must be addressed to the Dean of the Department of Physics and Astronomy (Address: Im Neuenheimer Feld 226, 69120 Heidelberg, Germany, or electronically to dekanat@physik.uni-heidelberg.de) including a curriculum vitae, a list of publications and lectures, copies of diploma and degrees and a maximum 5 page long exposé on future research and training activities. The deadline for applications is the **15th October 2014**.

LEHIGH
UNIVERSITY

Presidential Endowed Chair in Health and Biomedicine

Lehigh University invites applications and nominations for a **Presidential Endowed Chair in Health and Biomedicine**. Applicants must hold a Ph.D. or M.D. degree and should be qualified for an appointment in the Department of Biological Sciences at the rank of Full Professor with tenure. The successful candidate will have a distinguished record in biomedical research, including significant external support, demonstrated leadership skills, and a strong commitment to graduate and undergraduate training and education. The position carries an expectation of scholarly and administrative leadership. As part of these responsibilities, the successful applicant will be expected to assume the Department Chair's position two years following the appointment. The Department Chair's position is a 3-year term that can be renewed. The Department is highly interdisciplinary and welcomes applicants with research interests from any area of bioscience, broadly defined. A strong interest in building collaborations among bioscience-related fields is expected.

Lehigh's Biological Sciences Department includes 21 faculty with additional growth anticipated. Current faculty research interests span molecular, cellular, and developmental biology, neuroscience, evolution, and animal behavior. The department has Ph.D. programs in Integrative Biology, Neuroscience, Biochemistry and Cell/Molecular Biology, a Distance Education M.S. program in Molecular Biology, and is home to the largest undergraduate major constituency in the College of Arts and Sciences.

Applications, including a C.V., letter of intent, description of administrative experience and philosophy, and the names of three potential references should be submitted to <https://academicjobsonline.org/ajob/jobs/4159>. For additional information contact **Dr. Neal Simon, Search Committee Chair, Biological Sciences, 111 Research Dr., Bethlehem, PA 18015; inbios@lehigh.edu**. For more information about the department: www.lehigh.edu/~inbios. The deadline for submission is **October 10, 2014**.

The College of Arts and Sciences at Lehigh is especially interested in qualified candidates who can contribute, through their research, teaching, and/or service, to the diversity and excellence of the academic community. Lehigh University is a recipient of an NSF ADVANCE Institutional Transformation award for promoting the careers of women in academic sciences and engineering.
