**THE CHINESE UNIVERSITY OF HONG KONG**

**Applications are invited for:-**

**School of Biomedical Sciences**  
**Associate Professor(s) / Assistant Professor(s) (Non-clinical)**  
(Ref. 1415/159/665/2) (Closing date: March 31, 2015)

The School has research programmes focusing on reproductive and developmental biology, molecular oncology, cardiovascular and metabolic biology, neurodevelopment and degeneration as well as stem cell and regeneration biology. Individuals who are strongly motivated by the biological importance of their research and who value the opportunity to work in close collaboration with basic and clinical scientists are welcome for non-clinical openings at Associate Professor or Assistant Professor levels.

Applicants should have (i) a PhD, MD, or DVM degree or equivalent in biological and biomedical sciences or related disciplines; (ii) experience in using cutting-edge technologies such as bioinformatics, genomics, molecular genetics, stem cells, transgenic animal and imaging in their studies; and (iii) a good track record of research and publication in international peer-reviewed scientific journals in one or more related areas. Individuals with track record in research on human genetics and genomics, neurodegenerative diseases, mammalian development and regeneration biology are particularly welcome.

Duties include (a) teaching undergraduate, postgraduate, medical and general education courses; and (b) leading a vigorous independent research programme. Appointees will be provided with appropriate laboratory and office space and a start-up package commensurate with qualifications and experience.

Appointment will normally be made on contract basis for up to three years initially commencing in the third quarter of 2015 or thereafter, which, subject to mutual agreement, may lead to longer-term appointment or substantiation later.

**Salary and Fringe Benefits**

Salary will be highly competitive, commensurate with qualifications and experience. The University offers a comprehensive fringe benefit package, including medical care, plus a contract-end gratuity for an appointment of two years or longer, and housing benefits for eligible appointees.

Further information about the University and the general terms of service for appointments is available at [http://www.per.cuhk.edu.hk](http://www.per.cuhk.edu.hk). The terms mentioned herein are for reference only and are subject to revision from time to time.

**Application Procedure**

Application forms are obtainable (a) at [http://www.cuhk.edu.hk/personnel](http://www.cuhk.edu.hk/personnel) or in person by mail with a stamped, self-addressed envelope from the Personnel Office, The Chinese University of Hong Kong, Shatin, Hong Kong. Please send the completed application form and/or full curriculum vitae, together with copies of qualification documents, a publication list and/or abstracts of selected published papers, and names, addresses and fax numbers/e-mail addresses of three referees to whom the applicants’ consent has been given for their providing references (unless otherwise specified), to the Personnel Office by post or by fax to (852) 3942 0947 by the closing date. Please quote the reference number and mark ‘Application – Confidential’ on cover. The Personal Information Collection Statement will be provided upon request.

**Key Dates**

Application closing date: March 31, 2015

**IMPORTANT NOTICE**

The University reserves the right to change the terms and conditions, and to close the advertisement at any time without prior notice to the applicants. Applications that are incomplete or submitted after the closing date will not be considered.

**Electronic Submission**

Applications should be submitted online via [hiring.cuhk.edu.hk](http://hiring.cuhk.edu.hk). The University regrets that only shortlisted applicants will be notified.

**NIH National Institute of Environmental Health Sciences**

**Sciences Your Environment. Your Health.**

**Department of Health and Human Services, National Institutes of Health**

**National Institute of Environmental Health Sciences**

**Environmental Health Perspectives**

**Editor-in-Chief**

The National Institute of Environmental Health (NIEHS), a component of the National Institutes of Health (NIH) and the Department of Health and Human Services (DHHS), is seeking exceptionally qualified candidates for the next Editor-in-Chief of Environmental Health Perspectives (EHP).

EHP is a peer-reviewed, open access, monthly science journal, publishing a wide range of topics related to the impact of the environment on human health. The journal has an impact factor of 7.03 and is international in scope with readers in over 100 countries. EHP is the third-ranked journal in Public, Environmental, and Occupational Health, the fourth-ranked journal in Toxicology, and the fifth-ranked journal in Environmental Sciences. Information about EHP is available at [http://ehp.niehs.nih.gov/](http://ehp.niehs.nih.gov/).

The Editor-in-Chief is a full-time federal government employee who will be responsible for the science and strategic vision of the journal. The Editor-in-Chief will supervise a limited number of senior employees, including an Operations Manager who oversees the journal production and management of staff. Candidates should have a substantial background as a research scientist in a field related to environmental health sciences and extensive editorial experience in the field of scientific publishing. The ideal candidate will have a Ph.D., M.D., or equivalent Doctoral degree in a field of the biological sciences or another scientific discipline, such as statistics or chemistry.

This exciting opportunity will be posted on the USAJOBS website and open for applications from March 30 to April 17, 2015. For questions about the position, please contact Rick Woychik, Ph.D., NIEHS Deputy Director, rick.woychik@nih.gov.

**DHHS and NIH are Equal Opportunity Employers.**

**National Institutes of Health • U.S. Department of Health and Human Services**
The position is available from June 2015. The successful applicant will receive a 3-year research grant of up to $1 million commensurate with the scope of work, with an option to extend for another 3 years. Postdoctoral or tenure-track appointment (eligibility for tenure-track will be determined by the university) • Attractive and competitive remuneration

Fellows may lead, conduct research and publish in these areas:
- Advanced Protective Materials
- Cyber Security
- Machine Intelligence
- Photonics Engineering
- Visual and IR Technologies

For more information and application procedure, please visit:
- SUTD – http://www.sutd.edu.sg/trf

Closing date: 27 April 2015 (Monday)

Shortlisted candidates will be invited to Singapore to present their research plans, meet local researchers and identify potential collaborators in September 2015.
The 2015 Martha T. Muse Prize for Science and Policy in Antarctica

The “Martha T. Muse Prize for Science and Policy in Antarctica” is a USD $100,000 unrestricted award presented to an individual in the fields of Antarctic science or policy who has demonstrated potential for sustained and significant contributions that will enhance the understanding and/or preservation of Antarctica. The Prize is inspired by Martha T. Muse’s passion for Antarctica and is intended to be a legacy of the International Polar Year 2007-2008.

The prize-winner can be from any country and work in any field of Antarctic science or policy. The goal is to provide recognition of the important work being done by the individual and to call attention to the significance of understanding Antarctica in a time of change.

A website with further details, including the process of nomination, closing date and selection of the Prize recipients is available at www.museprize.org.

Nominations open until 13 May 2015
ONLINE CAREER FAIR
March 4, 2015 | 10:00 AM – 4 PM EST

Register now for this exciting virtual career fair and engage, screen, and recruit hundreds of targeted candidates.

HOW THE EVENT WILL WORK
Employers receive a fully customized “booth” tailored to meet their recruiting needs. This landing page can include open positions, company information, testimonials and branding videos.

During the live event, candidates browse your booth and then choose to chat one-on-one. The conversations are timed to allow companies to meet as many candidates as possible.

BENEFITS OF EXHIBITING
- Connect with candidates from the comfort of your own desk
- Showcase your employer brand online to your target audience
- No travel or accommodation costs
- Get access to resumes to build your talent community
- Candidate information is displayed during the chat
- Powerful follow up tools to move top candidates through the hiring process
- Screen candidates with pre-qualifying questions to connect with the most relevant candidates

Book your booth today!
For more information, please visit: ScienceCareers.org/onlinecareerfairemployers

ATTENDEE DEMOGRAPHICS
- Over 3,000 pre-registrants; over 900 live participants

- Field Experience
  - Life Sciences – 75%
  - Physical Sciences – 15%
  - Health Sciences – 7%

Faculty Positions
Department of Neuroscience
Scripps Florida is seeking outstanding applicants for tenure-track faculty positions at all levels in the Department of Neuroscience at its newly opened, state-of-the-art campus in Jupiter, Florida. The Jupiter campus of the Scripps Research Institute offers a rapidly growing, dynamic environment and is committed to provide a multi-disciplinary, collaborative atmosphere for fostering cutting edge neuroscience research. We invite applications from ambitious and interactive investigators applying integrative molecular, genetic, biochemical, biophysical, cellular (iPSC), anatomical, and behavioral approaches to elucidate the mechanisms underlying nervous system function. In addition to basic neuroscience, we have a keen interest in human neurogenetic and psychiatric disorders, animal models for these disorders, and CNS drug discovery. The state-of-the-art facilities at Scripps Florida house expertise in proteomics, crystallography, pharmacokinetics, medicinal chemistry, rodent behavior, and ultra high-throughput small molecule screening for drug discovery. Scripps Florida offers exceptional startup packages and an outstanding intellectual environment for fostering top-tier basic and translational research. Further information about our expanding Department of Neuroscience can be found at http://www.scripps.edu/florida/neuro/. Interested candidates should submit their Curriculum Vitae and contact information for at least three professional references as a single PDF file, to:
Dr. Ronald L. Davis, Chairman, Department of Neuroscience
c/o Trina Kemp (trniles@scripps.edu)
The Scripps Research Institute, Scripps Florida
130 Scripps Way
Jupiter, Florida, 33458

TSRI embraces diversity and recognizes it as being a key to our success.

Robert A. Welch Endowed Chairs in Chemistry
The Department of Chemistry at The University of Texas at San Antonio (UTSA) seeks internationally renowned scientists to fill two newly established Robert A. Welch Endowed Chairs in Chemistry. The research area of one Chair is expected to encompass the interface of chemistry and biology. The research area of the other Chair can encompass any area of modern chemistry. Each Welch Chair includes a generous endowment, a highly competitive salary, and ample modern research space. Significant additional financial resources and state-of-the-art facilities are available. The scientists occupying these Welch Chairs are expected to play leadership roles in ongoing departmental growth and faculty recruitment. Opportunities are available for collaborative initiatives at UTSA and with nationally renowned area institutions, including the University of Texas Health Science Center at San Antonio and the Southwest Research Institute.
San Antonio is the 7th largest city in the U.S. and features a historical and vibrant downtown area. UTSA is located northwest of downtown San Antonio adjacent to the scenic Texas Hill Country, which provides many recreational opportunities.
Nominations and inquiries can be sent to the Department Chair, at the following address:
Dr. Waldemar Gorski
Department Chair
Department of Chemistry
UTSA, One UTSA Circle
San Antonio, TX 78249
or via email Waldemar.Gorski@utsa.edu

UC San Diego
Assistant or Associate Professor,
Endocrinology and Metabolism (10-921)
The Division of Endocrinology and Metabolism (http://med.ucsd.edu) in the Department of Medicine at the University of California, San Diego is committed to academic excellence and diversity within the faculty, staff, and student body. The Division is actively recruiting for a new tenure-track Assistant or Associate Professor. The Division is internationally recognized for its research in Endocrine and Diabetic diseases. Applicants must have an M.D., or Ph.D. or M.D./Ph.D. degree. M.D. candidates must be board eligible in Endocrinology and Metabolism and must be eligible for a California medical license.
The Division is interested in strong candidates with demonstrated research excellence and a defined research interest in the area of endocrinology or metabolism. The successful candidate is expected to develop a strong research program, to demonstrate leadership in research, teaching, and service. Salary is commensurate with qualifications and based on University of California pay scales.
The Department of Medicine is interested in candidates who have demonstrated commitment to excellence in teaching, research, service and/or patient care leading to an equitable and diverse scholarly environment.
Review of applications will begin February 20, 2015 and position will remain open until filled. Interested applicants should submit their CV, a list of references, and a separate statement summarizing their experiences and their vision for professional contributions in the area of equity and diversity (see http://facultyequity.ucsd.edu/faculty-applicant-C2D-info.asp for further information) to the UCSD application collection system at http://appttrk.com/579095
The University of California is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability, age or protected veteran status.

Wake Forest School of Medicine
NEUROBIOLOGY POSITION
The Department of Neurobiology and Anatomy is initiating a search for a tenure-track faculty member working in SENSORY/MOTOR NEUROSCIENCE. The selected candidate will interact with a large and collaborative group of sensory, cognitive and motor systems neuroscientists with funded research programs spanning the visual, auditory, somatosensory, and motor systems, as well as training grants emphasizing integrative function and development. Candidates should have a doctoral degree, at least two years of postdoctoral research, a strong record of research accomplishments, extramural funding and a commitment to developing independent and collaborative research programs. Teaching responsibilities will be commensurate with experience and background. A competitive recruitment package will include salary and fringe benefits, setup funds, laboratory space and shared equipment facilities.
Applications should include full curriculum vitae and a statement of research interests. Applicants should also arrange for three letters of recommendation to be sent to the Search Committee. The earliest start date for the position is July 1, 2015; applications will be accepted until a suitable candidate is recruited. Information about the position, individual faculty, research interests and graduate programs can be found at website: http://www.wakehealth.edu/NBA/. All application materials should be sent to Faculty Search Committee, Department of Neurobiology and Anatomy, Wake Forest School of Medicine, Medical Center Boulevard, Winston-Salem, North Carolina, 27157-1010. OR e-mail to dojones@wakehealth.edu
