UConn | SCHOOL OF MEDICINE

Tenure Track Faculty Position in Epigenomics

The Department of Genetics and Genome Sciences at the University of Connecticut School of Medicine is seeking a highly qualified individual with an outstanding background in epigenetics and expertise in areas that include but are not limited to genome-wide studies of noncoding RNA, gene regulation and expression, DNA methylation, chromatin structure/function/organization and the analysis/interpretation of epigenomic data sets. The ideal candidate will build on our established strengths that include RNA biology, genomics (e.g. ENCODE) and translational research. The successful applicant will also develop his/her world-class research program in the context of the recently established Institute for Systems Genomics (<http://isg.uconn.edu/>) that coalesces the interdisciplinary research strengths of UConn's schools and colleges (www.uconn.edu) and the Jackson Laboratory (www.jax.org). The Institute leverages the significant investment from the state, including the \$865M Bioscience CT initiative, \$172M Tech Park program, the \$200M Bioscience Innovation Fund, and \$1.5B Next Generation CT.

Applications are invited for a position at the Assistant, Associate or Full Professor level. Faculty will enjoy superb resources including a generous start-up package as well as state-of-the-art core facilities for human pluripotent stem cells, mouse transgenics and gene targeting, next-generation sequencing, flow cytometry, confocal microscopy and fluorescence imaging. The successful candidate will be expected to establish an independent and innovative research program that will attract extramural funding and to actively contribute to a rich scientific environment.

Candidates are invited to visit the departmental web page (<http://genetics.uhc.edu>) and should apply by submitting a curriculum vitae and three letters of reference via the University of Connecticut Health Center Employment Services website, <https://jobs.uhc.edu>, search number 2015-833. Questions regarding this search should be addressed to:

Marc Lalonde Ph.D.,
Professor and Chair
Department of Genetics and Genome Sciences
University of Connecticut School of Medicine
Farmington, CT 06030-6403
