POSITIONS OPEN

Lecturer with Potential Security of Employment - Biological Sciences

The Department of Ecology, Evolution, and Marine Biology and the Department of Molecular, Cellular, and Developmental Biology at the University of California Santa Barbara jointly invite applications for a position of Lecturer with Potential Security of Employment (PSOE). The successful candidate will assume responsibility for courses in Introductory Biology for majors and non-majors, and a course in the candidate's area of expertise. Courses will cover topics in biochemistry, cell biology, development, genetics, animal and plant physiology, ecology and evolution. Applicants should have a record of teaching excellence with experience and expertise in the appropriate disciplines. The appointment is for the academic year with the option of additional summer quarter teaching. Salary will be commensurate with qualifications. This position requires a Ph.D. in biology or a closely related field at the time of appointment.

Applicants should submit a Curriculum Vitae, a statement of their teaching experience and interests, a statement of teaching philosophy, teaching evaluations (if available), and three to four letters of recommendation from persons with the ability to evaluate the candidate. Submit applications electronically at website: <https://recruit.ap.ucsb.edu/apply/JPF00687>. Information about the Departments can be obtained from the website <http://www.lifesci.ucsb.edu>. The review of applications will begin **March 25, 2016** and will continue until the position is filled.

The University of California is an Affirmative Action/Equal Opportunity/Americans with Disabilities Act Employer. The Departments are especially interested in candidates who can contribute to the diversity and excellence of the academic community through teaching, service and research. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, or any other characteristic protected by law.

AAAS is here – helping scientists achieve career success.

Every month, over 400,000 students and scientists visit ScienceCareers.org in search of the information, advice, and opportunities they need to take the next step in their careers.

A complete career resource, free to the public, Science Careers offers hundreds of career development articles, webinars and downloadable booklets filled with practical advice, a community forum providing answers to career questions, and thousands of job listings in academia, government, and industry. As a AAAS member, your dues help AAAS make this service available to the scientific community. If you're not a member, join us. Together we can make a difference.
