405 THE UNLIKELY DIPLOMAT
Myaing Myaing Nyunt fled Myanmar in 1988; now she is back, forging alliances against malaria By L. Roberts

407 THE VILLAGE RECRUITER
In tests of a controversial strategy, advance liaison to often-skeptical villagers is crucial By L. Roberts

ON THE COVER

Migrant workers such as this man, one of nearly 50 workers employed at a farm in Palin, Cambodia, near the border with Thailand, are at especially high risk of contracting malaria. Reaching them is one of many challenges facing an ambitious new effort to wipe out all malaria from the Greater Mekong subregion by 2030. See page 398. Photo: Jeffrey Lau
