What makes Science the best choice for recruiting?
- Read and respected by 400,000 readers around the globe
- 61% of our weekly readers work in academia and 60% are Ph.D.s. Science connects you with more scientists in academia
- Your ad dollars support AAAS and its programs, which strengthens the global scientific community.

Why choose this Faculty Feature for your advertisement?
- Relevant ads lead off the career section with a special “faculty” banner
- Forward placement + relevant content = the perfect match in print for your faculty ad.

Expand your exposure by posting your print ad online:
- Link on the job board homepage directly to faculty jobs
- Dedicated landing page for faculty positions.

Deliver your message to a global audience of targeted, qualified scientists.

Produced by the Science/AAAS
Custom Publishing Office.
The BBVA Foundation Frontiers of Knowledge Awards recognize and encourage fundamental advances in basic and applied research, as materialized in models and theories for understanding the natural and social worlds, technological innovations of broad impact and salient contributions to the creation, performance and conducting of the classical music of our time. Honors also go to outstanding contributions that advance understanding or deliver material progress with regard to two key challenges of the global society of the 21st century, climate change and development cooperation.

The BBVA Foundation Frontiers of Knowledge Awards are undertaken in collaboration with the Spanish National Research Council (CSIC).

Categories
- Basic Sciences (Physics, Chemistry, Mathematics)
- Biomedicine
- Ecology and Conservation Biology
- Climate Change
- Information and Communication Technologies
- Economics, Finance and Management
- Development Cooperation
- Contemporary Music

Nominations
Nominations are invited from scientific and artistic societies, R&D centers, university and hospital departments, conservatories of music, orchestras, public agencies, and organizations working in the climate change and development areas, as well as other organizations and persons specified in the award conditions.

Deadline for submission
Nominations are open from January 1 through to June 30, 2017 at 23:00 GMT.

SCIENCECAREERS.ORG
The Board of Electors to the Herchel Smith Professorship of Biochemistry invite applications from outstanding established investigators for this Professorship. The Herchel Smith Professorship of Biochemistry is one of two established and fully endowed Professorships within the Biochemistry department and is funded by a generous bequest from the eponymous Anglo-American Organic Chemist.

Candidates will have an outstanding research record of international stature in their field. They will demonstrate the vision, leadership, experience and enthusiasm to build on current strengths and developing a leading research presence within Biological Sciences, across the University and through broader collaboration. A PhD or equivalent postgraduate qualification is essential.

Standard professorial duties include teaching and research, examining, supervision and administration. The Professor will be based in Cambridge. The appointment comes with a substantial endowment and a start-up package to be negotiated, together with a competitive salary. The appointment will be from 1 October 2017 or as soon as possible thereafter.

To apply online for this vacancy and to view further information about the role, please visit: http://www.jobs.cam.ac.uk/job/12574. Further information is available at: http://www.hr.admin.cam.ac.uk/professorships or contact Human Resources, University Offices, The Old Schools, Cambridge, CB2 1TT, (email: ibise@admin.cam.ac.uk).

Applications, consisting of a letter of application, a statement of current and future research plans, a curriculum vitae and a list of publications, along with details of three referees should be made online no later than 13 March 2017.

Informal enquiries may be directed to Professor Gerard Evan, Head of the Department of Biochemistry; tel: +44 1223 766017, email: gie20@cam.ac.uk.

Please quote reference PH11136 on your application and in any correspondence about this vacancy.

Closing Date: 13 March 2017

The University values diversity and is committed to equality of opportunity.

The University has a responsibility to ensure that all employees are eligible to live and work in the UK.
