FEATURES
364 THE VACCINE WARS
Debunking myths, owning real risks, and courting doubters
By M. Wadman and J. You
>
EDITORIAL P. 353

366 THE SCIENCE OF PERSUASION
Vaccines save lives. But what is the most effective way to convince worried parents?
By K. Kupferschmidt

368 Vaccine myth: Vaccination can cause autism
By L. Wessel

369 Vaccine myth: Mercury in vaccines acts as a neurotoxin
By L. Wessel

370 VACCINES ON TRIAL
The U.S. vaccine court weighs real versus bogus risks
By M. Wadman

371 Vaccine myth: Countering mercury from vaccines can make children better
By L. Wessel

372 Vaccine myth: Spreading out vaccines can be safer for kids
By L. Wessel

ON THE COVER
Vaccines are our best defenses against many infectious diseases, having saved millions of lives and prevented immeasurable suffering. Yet today, these defenses are fraying as parents, swayed by persistent untruths about the risks, hesitate to vaccinate their children. This special package sizes up the actual, rare risks of vaccines and what is known about how to overcome groundless fears. See page 364. Illustration: Ben Wiseman

356 IN BRIEF
354 News at a glance

IN DEPTH
356 AN UNPRECEDENTED MARCH FOR SCIENCE
As hundreds of thousands joined some 600 gatherings around the globe, local concerns blended with a unifying message of support for science
By T. Appenzeller and the Science News Staff

358 MEET THE SCIENCE MARCHERS
Participants as varied as high school students and science leaders turned out, for reasons personal and political
By the Science News Staff

360 PRIVATE FUSION MACHINES AIM TO BEAT MASSIVE GLOBAL EFFORT
Startups avoid ITER’s path with new prototype reactors
By D. Clery

361 CLAIM OF VERY EARLY HUMANS IN AMERICAS SHOCKS RESEARCHERS
Skepticism greets report of smashed mastodon bones
By L. Wade

362 IN SURPRISE, TOOTH DECAY AFFLICTS HUNTER-GATHERERS
Paleo diet, thought to be protective, can be worse for teeth than farmed food
By A. Gibbons

363 DNA FROM CAVE SOILS REVEALS ANCIENT HUMAN OCCUPANTS
Technique may help open a new era in paleoanthropology
By L. Wade

INSIGHTS

PERSPECTIVES
374 THE NATURAL CAPITAL OF CITY TREES
City trees can help to reduce pollution and improve human health
By K. J. Willis and G. Petrokofsky

376 A CROSSROAD OF NEURONAL DIVERSITY TO BUILD CIRCUITRY
Clustered protocadherin genes control convergence and divergence of neurons
By S. Yoshinaga and K. Nakajima
>
RESEARCH ARTICLE P. 406; REPORT P. 411

378 LINKING STEM CELLS TO GERM CELLS
A factor that specifies stem cells in plants also triggers germ cell production
By J.-P. Vielle-Calzada
>
RESEARCH ARTICLE P. 396

378 & 396
Germ cells from somatic cells
SCIENCE (ISSN 0036-8075) is published weekly on Friday, except the last week in December, by the American Association for the Advancement of Science, 1200 New York Avenue, NW, Washington, DC 20005. Periodicals mail postage (publication No. 484460) paid at Washington, DC, and additional mailing offices. Copyright © 2017 by the American Association for the Advancement of Science. The title SCIENCE is a registered trademark of the AAAS. Domestic subscriptions (51 issues): $165 ($74 allocated to subscription) for individual membership and subscription; $135 for institutional subscriptions (51 issues): $165. Foreign postage extra: Mexico, $120; other countries (air assist $23.00, surface mail) $23.00. Canadian rates with GST available upon request. GST #125488122. Postmaster: Send change of address to AAAS, P.O. Box 96178, Washington, DC 20090-6178. Single-copy sales: $23.00 current issue, $28.00 back issue (prepaid includes surface postage; bulk rates on request). Authorization to photocopy material for internal or personal use under circumstances not falling within the fair use provisions of the Copyright Act is granted by AAAS to libraries and other users registered with the Copyright Clearance Center (CCC) Transactional Reporting Service, provided that $35.00 per article is paid directly to CCC, 222 Rosewood Drive, Danvers, MA 01923. The identification code for Science is 0036-8075. Science is indexed in the Reader’s Guide to Periodical Literature and in several specialized indexes.
