The Department of Otolaryngology is conducting a search for an academician in the In Residence series with a proven track record to support research development in the Department of Otolaryngology, specifically through collaboration with scientists involved in regenerative cure. Applicants must have a Ph.D. in biology, molecular and cellular genetics or related study and experience or ability to foster collegiality and work collaboratively in a diverse environment. Additionally, applicants should have a demonstrated interest in oncology or regenerative medicine, proven ability to develop a research program, strong leadership skills, the ability to provide guidance to those seeking research opportunities and experience working in an academic environment. A publication record is preferred. The candidate will also be involved in the Department’s teaching programs, including teaching of medical students, residents/fellows and graduate students, representatives.

This recruitment is conducted at the assistant professor rank. The resulting hire will be at the assistant rank, regardless of the proposed appointee’s qualifications.

Qualified applicants should apply online at UC Recruit: https://recruit.ucdavis.edu/apply/JPF01586/ by uploading current curriculum vitae with bibliography, cover letter, statement of research, and a statement of contributions to diversity. The candidate should also provide the contact information for three references.

For full consideration, applications must be received by June 19, 2017. However, this position will remain open until filled through June 30, 2018.

For more information, please contact Dr. Maggie Kuhn at: makuhn@ucdavis.edu

UC Davis commits to inclusion excellence by advancing equity, diversity and inclusion in all that we do. We are an Affirmative Action/Equal Opportunity Employer, and particularly encourage applications from members of historically underrepresented racial/ethnic groups, women, individuals with disabilities, veterans, LGBTQ community members, and others who demonstrate the ability to help us achieve our vision of a diverse and inclusive community. For the complete University of California nondiscrimination and affirmative action policy see: http://policy.ucop.edu/doc/4000376/NondiscrimAffirmAct. UC Davis Health welcomes applications from women and under-represented minorities. The university has a strong institutional commitment to the achievement of diversity among its faculty and staff.

Under Federal law, the University of California may employ only individuals who are legally able to work in the United States as established by providing documents as specified in the Immigration Reform and Control Act of 1986. Certain UCSC positions funded by federal contracts or sub-contracts require the selected candidate to pass an E-Verify check. More information is available http://www.uscis.gov/e-verify.

**GRANTS**

**2017 Yamada Research Grant**

Applications Now Accepted

We call for creative preventive medical research using bee products and supplements to extend healthspan.

Detailed information below (aim of the research grant, targeted research grant topics, etc.):

URL: http://www.bee-lab.jp/grant/grant/grant_2017/guideline_eng.html

Grant amount: 1,000,000-10,000,000 JPY per research

Research period: 1-3 years, beginning October 1st, 2017

Application deadline: 5 pm (JST), June 27th, 2017.

Inquiries: Yamada Bee Company, Inc. 194 Ichiba, Kagamoto-cho, Tomata-gun, Okayama 708-0393 Japan

Email: research-grant@yamada-bee.com

**POSITIONS OPEN**

**University of South Carolina**

Tenure-Track Assistant Professor

The Department of Pathology, Microbiology, and Immunology at the University of South Carolina’s School of Medicine invites applications for a tenure-track ASSISTANT PROFESSOR position with expertise in Immunology. The successful candidate is expected to develop a strong extramurally funded research program complementing current faculty research interests (http://pmi.med.sc.edu/), and participate in teaching. The department is currently ranked in the top 15 among Pathology departments in the nation in NIH funding, and hosts several NIH-funded Research Centers including the Center for Complementary and Alternative Medicine, the Center of Biomedical Research Excellence on Dietary Supplements and Inflammation, and the IDEA Network of Biomedical Research Excellence. The department and Centers provide excellent mentoring and research opportunities for junior faculty. Candidates must have a Ph.D. or equivalent, and at least 3 years of postdoctoral research experience. Competitive salary and startup funds are available. Please submit curriculum vitae and a statement of research and teaching interests with names of 3 references to Dr. Mitzi Nagarkatti, Chair, Department of Pathology, Microbiology, and Immunology, University of South Carolina School of Medicine, Columbia, SC 29208 or e-mail: immunology@uscmed.sc.edu. The search will start immediately and will continue until the position is filled. USC Columbia is an Equal Opportunity Affirmative Action Employer and encourages applications from women and minorities and is responsive to the needs of dual career couples.

Keck School of Medicine of USC

TENURE-TRACK FACULTY POSITIONS
Department of Molecular Microbiology and Immunology
Los Angeles, California

The University of Southern California (USC), founded in 1880, is the largest private employer in the City of Los Angeles. As an employee of USC, you will be a part of a world-class research university and a member of the “Trojan Family,” which is comprised of the faculty, students and staff that make the university what it is. The Department of Molecular Microbiology and Immunology at the Keck School of Medicine of USC, has an ongoing expansion to build upon existing strengths in Immunology.

The Department invites applicants for tenure-track Assistant and/or Associate Professor positions in the field of immunology. We are particularly seeking highly motivated individuals who are working on basic and translational aspects of immunology. Scientists with a record of achievement and commitment to excellence are encouraged to apply. Successful candidates will receive generous start-up packages and laboratory space. The department offers exceptional technical resources in many areas with state-of-the-art core facilities, including flow cytometry and cell sorting, metabolomics, confocal microscopy, proteomics, genomics, and BSL-3 facilities available within the department.

Applicants should have a PhD, MD or MD/PhD degree and several years of postdoctoral experience, history of high-impact publications and carry on. Applicants should have a PhD, MD or MD/PhD degree and several years of postdoctoral experience, history of high-impact publications and carry on. Applicants should have a PhD, MD or MD/PhD degree and several years of postdoctoral experience, history of high-impact publications and carry on.

Applicants should submit a letter of application, Curriculum Vitae, a statement of current and future research plans, and three letters of recommendation. Please complete faculty application through the USC job website at https://usccareers.usc.edu/job/los-angeles/assistant-or-associate-professor-of-molecular-microbiology-and-immunology-open-rank/1209/4159487 with Position number: P01456930.

The University of Southern California strongly values diversity and is committed to equal opportunity in employment. Women and men, and members of all racial and ethnic groups, people with disabilities, and veterans are encouraged to apply.

PRIZES

DGKL Prize „Biochemical Analytics 2017”

The German Society of Clinical Chemistry and Laboratory Medicine (DGKL) is the non-profit, scientific organization for clinical chemistry and laboratory medicine in Germany. We represent, promote and shape Clinical Chemistry and Laboratory Medicine in research, education and patient care.

The Biochemical Analytics prize was established in 1970 and is awarded every two years to scientists who demonstrated outstanding achievements in research and analytical method development. Nominations are made by the Board of Directors of the DGKL, the Nominating Committee or by self-nominations.

The next award ceremony will be held at the 14th Annual Conference of the DGKL from 11th to 14th of October 2017 in Oldenburg, Germany. The prize is sponsored by SARSTEDT AG & Co. and comprises an award sum of EUR 50,000.

Valid applications shall encompass a scientific CV, an abstract of scientific achievements and those papers the nomination is based on.

Please send the dossier using the keyword „BIOCHEM2017” by mail or email no later than July 31st 2017 to:

Deutsche Gesellschaft für Klinische Chemie und Laboratoriumsmedizin
BIOCHEM2017

DEPARTMENT OF MICROBIOLOGY & IMMUNOLOGY AND CENTER FOR VACCINE DEVELOPMENT FACULTY POSITION

Baltimore, Maryland

The Department of Microbiology & Immunology and the Center for Vaccine Development of the Institute for Global Health at the University of Maryland School Of Medicine is recruiting new or established investigators with actively-funded research programs in viral vaccines and pathogenesis studies. Highly qualified individuals will be considered for tenure track positions at the rank of Assistant, Associate or full Professor.

The Department and the School of Medicine have significant strengths in microbial pathogenesis, vaccine development, HIV biology, genome sciences, inflammation, innate and adaptive immunity, clinical infectious diseases and international research and training. The Department offers excellent laboratory facilities, competitive salary and startup packages, and access to numerous core facilities including state-of-the-art BSL3 and ABSL3 facilities. We are particularly interested in candidates with experience in developing vaccines against viral pathogens. Successful candidates are expected to maintain active research programs and participate in department teaching and service opportunities.

Interested candidates should submit their curriculum vitae, statement of research interests, names and contact information for three references to CVDMICFACSEARCH@som.umaryland.edu. Consideration of candidates will begin upon receipt of applications and will continue until a suitable candidate is identified. Applications should be addressed to the attention of Dr. Matt Frieman, Chair Faculty Search Committee.

The University of Maryland, Baltimore is an Equal Opportunity/Affirmative Action Employer. Minorities, women, individuals with disabilities, and protected veterans are encouraged to apply.
