TULANE UNIVERSITY, SCHOOL OF SCIENCE AND ENGINEERING, DEPARTMENT OF ECOLOGY AND EVOLUTIONARY BIOLOGY: PROFESSOR AND DEPARTMENT CHAIR

Tulane’s EE Biology Dept. invites applications and nominations for Professor and Chair. Research expertise is open within organismal biology, but the ability to enhance or complement existing departmental strengths is desirable. For more information about the position, opportunities, qualifications, and the application process see website: http://www2.tulane.edu/ocb/eebio/about/positions/. To apply please submit all specified items to website: https://apply.interfolio.com/42158. Review of applications will begin August 1, 2017 and search will remain open until position is filled, with start date of July 1, 2018. Tulane is an Affirmative Action/Equal Opportunity Employer.
What makes Science the best choice?
- Read and respected by 400,000 readers around the globe
- 80% of readers read Science more often than any other journal
- Your ad dollars support AAAS and its programs, which strengthens the global scientific community.

Why choose this issue for your advertisement?
- Relevant ads lead off the career section with special chemistry banner
- Bonus distribution to: American Chemical Society, 20–24 August, Washington, DC.

Expand your exposure. Post your print ad online to benefit from:
- Link on the job board homepage directly to chemistry jobs
- Dedicated landing page for jobs in chemistry
- Additional marketing driving relevant job seekers to the job board.

Deliver your message to a global audience of targeted, qualified scientists.

One tenure-track faculty position is open for a highly qualified individual to establish independent research programs in all disciplines of molecular and cellular biology. Applicants should hold a Ph.D. degree or its equivalent, with appropriate postdoctoral research experience. The successful recruit will be appointed at the levels of Assistant, Associate, or Full Professor (equivalent to academic ranks of Assistant, Associate and Full Professors at universities), and receive a generous multi-year start-up package, followed by annual intramural support.

The Institute of Molecular Biology at Academia Sinica ([http://www.imb.sinica.edu.tw/en](http://www.imb.sinica.edu.tw/en)) provides an active and stimulating research environment, is well supported by both extramural and long-term intramural funding, and features several core facilities (cell imaging, microarray, Next Generation Sequencing, RNAi, electrophysiology, FACS, bioinformatics and mouse facilities) that provide state-of-the-art resources and key technical expertise to the Institute’s research community. Recent research works were published in top journals such as Science, Nature, and Cell. Currently two Ph.D. programs, with one recruiting international students, are formally affiliated with the Institute. English is the official language for seminars and lectures at the Institute, and proficiency in Chinese language is not a prerequisite for application.

Applicants should send their Curriculum Vitae, a description of past research accomplishments and future research plans, and arrange for three letters of recommendation to be sent directly to:

Dr. Soo-Chen Cheng, Director  
c/o Ms. Vivi Chiang  
Institute of Molecular Biology,  
Academia Sinica  
Taipei, Taiwan 11529, ROC

The selection process will start on November 22, 2017 until the positions are filled. Further information can be obtained from Ms. Vivi Chiang at vivi@imb.sinica.edu.tw.
