POSITIONS OPEN

ASSISTANT/ASSOCIATE PROFESSOR OF MICROBIOLOGY

The Department of Microbiology and the Virus Engineering Center for Therapeutics and Research (VECToR) at the Icahn School of Medicine at Mount Sinai seeks qualified candidates interested in virus-host interactions, emerging infectious diseases, viral immunology, and/or virus-enabled technologies. We wish to recruit outstanding scientists with innovative ideas, a strong publication record, and a desire to create their own unique research program to fill a tenure-track position at the level of assistant or associate professor. Applicants must hold a Ph.D. and/or M.D. and have at least two years of postdoctoral experience.

For consideration, please send your Curriculum Vitae, a brief description of your research plan, and contact information for two individuals familiar with you and your work to:

Dr. Benjamin tenOever
Chair, Search Committee
Department of Microbiology
e-mail: benjamin.tenoever@mssm.edu

Please visit the department on our website at: <http://icahn.mssm.edu/about/departments/microbiology>
We are an Equal Opportunity Employer fostering diversity in the workplace.

ASSISTANT PROFESSOR OF INTEGRATIVE BIOLOGY

The Department of Integrative Biology at Oklahoma State University invites applications for a tenure-track Assistant Professor position. We seek applicants who will complement and expand our departmental strengths (see website: <http://integrativebiology.okstate.edu>). Responsibilities include establishing an extramurally funded research program, mentoring M.S. and Ph.D. students, and teaching at the undergraduate and graduate levels. Applicants must have postdoctoral experience and a strong scholarly record. To apply, email a single pdf document containing: (1) a cover letter, (2) curriculum vitae, and (3) separate research and teaching statements to email: biologysearch@okstate.edu; also arrange to have three letters of reference sent in support. Application review will begin **October 10, 2017** with employment beginning August 2018.

Oklahoma State University is a research-focused, land-grant institution located in Stillwater, OK, a college town with easy access to Tulsa and Oklahoma City. *OSU is an Affirmative Action/Equal Employment Opportunity/Employment Verify Employer. OSU-Stillwater is a tobacco-free campus.*

JOB FOCUS: CHEMISTRY

CHAIR – DEPARTMENT OF CHEMISTRY

The Department of Chemistry at East Tennessee State University seeks an outstanding scholar and administrator for the position of Chair to begin July 2018. The Department is known for its strong teaching record and rapidly growing research effort, with 10 tenured and tenure-track faculty, 7 lecturers and adjunct faculty, and 3 staff members. We offer undergraduate and master's degree programs with ACS-approved Chemistry, Biochemistry, and Chemical Physics concentrations. Please also see website: <http://www.etsu.edu/cas/chemistry/>.

The chair is expected to foster and promote scholarly productivity and visibility of a diverse and active faculty while supporting innovative and high quality teaching. Applicants must have a Ph.D. degree in Chemistry and a proven record of scholarship and teaching appropriate for a tenured position at the full professor level. They should have demonstrated leadership ability, effective communication skills, and a record of successful grantsmanship.

East Tennessee State University has an enrollment of approximately 14,000 students. We are a Carnegie Foundation doctoral research university, with associated Colleges of Pharmacy and Medicine.

Interested candidates must apply at website: <http://jobs.etsu.edu/postings/9041>.

ETSU is an Affirmative Action/Equal Employment Opportunity Employer. Women and minorities are encouraged to apply.
