## POSITION OPEN

### BIOCHEMISTRY

The Department of Chemistry and Biochemistry at the University of Oregon ([chemistry.uoregon.edu](http://chemistry.uoregon.edu)) invites applications for a tenure-track Biochemistry faculty member at the Assistant Professor level to begin in Fall 2018 or later. Biochemistry research at the University of Oregon takes place in the context of the Institute of Molecular Biology ([molbio.uoregon.edu](http://molbio.uoregon.edu)), which promotes interdisciplinary interactions between life science researchers in the departments of Chemistry and Biochemistry, Biology and Physics. A Ph.D. is required.

We seek applicants from all areas of biochemistry and structural biology who are using advanced approaches to study mechanisms of cellular function. New faculty will join a rich and collaborative atmosphere with existing strengths in host-pathogen interactions, stem cell biology, epigenetics, RNA metabolism, cell polarity, and cytoskeletal function. Successful candidates will have the potential for establishing an outstanding independent research program and excellence in teaching at the undergraduate and graduate levels. They will also support and enhance a diverse learning and working environment.

To assure full consideration, application materials should be received by **October 9, 2017**. Please upload a cover letter, curriculum vitae, a statement of research plans and objectives, and a brief statement of teaching philosophy or interests here at website: <https://academicjobsonline.org/ajo/jobs/9448>. The candidate should also arrange for three letters of recommendation to be uploaded directly by the recommenders. Review of application materials will continue until the position is filled.

*UO is dedicated to the goal of building a culturally diverse and pluralistic faculty committed to teaching and working in a multicultural environment and strongly encourages applications from minorities, women, and people with disabilities. Applicants are encouraged to include in their cover letter information about how they will further this goal.*

### IMMUNOLOGY FACULTY POSITION

The Department of Microbiology, Immunology and Biochemistry in the Wayne State University School of Medicine seeks outstanding tenure track **Assistant and Associate Professor** candidates with expertise in the fundamental areas of adaptive immunity especially the functions and regulation of lymphoid cells in models of autoimmune diseases, infection, inflammation, tolerance as well as sub-disciplines of developmental immunology, mucosal immunology, neuroimmunology, ocular immunology and vascular immunology. Candidates will be expected to establish a high-impact extramurally funded research program, and to participate in teaching and service. A competitive start-up package commensurate with the candidate's experience and achievement will be provided.

For further information about this position, and to submit your application, please visit our online application website at [www.jobs.wayne.edu](http://www.jobs.wayne.edu) (Posting 042912).

*Wayne State University is a premier, public, urban research university located in the heart of Detroit where students from all backgrounds are offered a rich, high quality education. Our deep rooted commitment to excellence, collaboration, integrity, diversity and inclusion creates exceptional educational opportunities preparing students for success in a diverse, global society. WSU encourages applications from women, people of color and other underrepresented people. WSU is an Affirmative Action/Equal Opportunity Employer.*

### Faculty Opening

The Department of Ecology and Evolutionary Biology at Tulane University invites applications for two tenure-track positions at the **Assistant Professor** Level. Candidates are required to have a Ph.D. in a related field at the time of application and postdoctoral research experience is preferred. The desired areas of specialization are (1) Plant Molecular Ecologist and (2) Animal Physiological Ecologist. For details about these positions and to apply, please see website (1) <https://apply.interfolio.com/42576> and website (2) <https://apply.interfolio.com/42577>

## POSITION OPEN

### PHYSICAL CHEMISTRY

The Department of Chemistry and Biochemistry invites applications for a tenure-related position in experimental physical chemistry to begin Fall 2018 or later at the anticipated rank of Assistant Professor. A PhD is required and postdoctoral experience is preferred.

We seek individuals studying problems of fundamental importance to experimental physical chemistry, which may also be applied uniquely to advance related chemical disciplines. We are especially interested in scholars who will enhance the department's existing strengths in biophysical chemistry, materials related physical chemistry, spectroscopy, statistical mechanics and quantum chemistry. The potential for establishing a vigorous independent research program in experimental physical chemistry and active participation and excellence in teaching at the undergraduate and graduate levels will be the most important criteria for selection. In addition to membership in the Department of Chemistry and Biochemistry, the successful candidate will have the opportunity to pursue research in a variety of interdisciplinary institutes (see website: <https://chemistry.uoregon.edu/research/institutes/>).

We particularly welcome applications from scholars from populations that are historically underrepresented in the academy, and/or who have experience working with students from diverse backgrounds.

Please apply here at website: <https://academicjobsonline.org/ajo/jobs/9374>

To ensure full consideration, candidates should submit application materials by **October 3, 2017** and upload a curriculum vitae, a statement of research plans (maximum 10 pages), and a brief statement of teaching philosophy or interests (1-2 pages). Candidates should also arrange for three letters of recommendation to be submitted directly by recommenders via the **AcademicJobsOnline** portal. The position will remain open until filled.

*The University of Oregon is an Equal Opportunity, Affirmative Action Institution committed to cultural diversity and compliance with the Americans with Disabilities Act. The University encourages all qualified individuals to apply and does not discriminate on the basis of any protected status, including veteran and disability status.*

### PRINCETON UNIVERSITY DEPARTMENT OF CHEMISTRY ASSISTANT PROFESSOR

The Department of Chemistry at Princeton University invites applications for a tenure track assistant professor position in all areas of chemistry. We seek a faculty member who will create a climate that embraces excellence and diversity with a strong commitment to research and teaching that will enhance the work of the department and attract and retain a diverse student body. We strongly encourage applications from members of all underrepresented groups. Candidates are expected to have completed the Ph.D. in chemistry or a related field at the time of appointment. Applicants should submit a description of research interests, curriculum vitae, a list of publications, and contact information for three referees who will be contacted for confidential letters of recommendation. Apply online at website: <https://www.princeton.edu/acad-positions/position/2861>. For fullest consideration, candidates are encouraged to submit completed applications by **October 15, 2017**. *Princeton University is an Equal Opportunity Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, or any other characteristic protected by law. This position is subject to the University's background check policy.*
