The University of Wisconsin School of Medicine and Public Health (SMPH) invites applications and nominations for the position of Chair of the Department of Cell and Regenerative Biology (CRB).

The Department of Cell and Regenerative Biology is committed to understanding the fundamental mechanisms by which living systems operate at cellular and molecular levels of organization. By embracing a wide range of contemporary and emerging approaches and experimental systems, the department seeks to define signaling and regulatory pathways that provide the basis for understanding, diagnosis and treatment of human disease. Basic research is the centerpiece of the Department and serves as the driving force behind teaching and training efforts. The overarching research interests of the Department are highly interdisciplinary, emphasizing molecular, cellular and systems approaches to describe biological processes in molecular terms. To maintain its excellence and stature, the department is currently focusing on existing strengths in four research areas: Cell and Molecular Biology, Developmental Biology, Stem Cell and Regenerative Biology, and Cardiovascular Biology.

We seek a recognized leader with an outstanding academic background, strong research credentials, demonstrated commitment to education, experience in mentoring junior faculty, and proven leadership and management skills. The chair will provide professional and administrative leadership of the highest quality to this distinguished department in its teaching and research.

The successful candidate will have a compelling vision for the future of CRB in a leading academic medical center. Candidates must have a Ph.D., M.D., MD/Ph.D. or equivalent degree(s). They should possess substantial background and experience in administrative leadership, research, and teaching, and a strong academic background that would qualify for appointment as a tenured professor at the University of Wisconsin-Madison.

Please send nominations to: Terri Young, MD, MBA, and David Gamm, MD, PhD, Co-Chairs of the CRB Chair Search Committee, c/o Staci Andersen, 4150Q HSLC, 750 Highland Avenue, Madison, WI, 53705-2111, or use: slandersen2@wisc.edu

To apply for this position, please use the University of Wisconsin applicant tracking system which is found at the link below. Click “Apply Now” button. Applicants will be asked to upload a current cover letter, CV, and list of three references.

Application Link: jobs.hr.wisc.edu/crbchair

Applications from minorities and women are strongly encouraged. To receive full consideration, applications should arrive by January 31, 2018

Unless confidentiality is requested in writing, information regarding applicants must be released upon request. Finalists cannot be guaranteed confidentiality. Wisconsin Caregiver Law applies. The University of Wisconsin is an equal opportunity, affirmative action employer. For more information: med.wisc.edu, crb.wisc.edu.
_open Level Professor in Cell Biology at University of California, Santa Barbara
Molecular Cellular and Developmental Biology
The Molecular, Cellular, and Developmental Biology Department at the University of California Santa Barbara invites applications for an open level faculty position at the Assistant, Associate, or Full Professor level in Molecular Cell Biology with an estimated start date of July 1, 2018. Candidates must hold a PhD (or equivalent) and postdoctoral experience in Molecular Cell Biology or a related field. Applicants should have established a record of creative, cutting edge research as well as a strong record of publication and external funding commensurate with experience. A commitment to teaching at the undergraduate and graduate levels is also important. The Department is especially interested in candidates who can contribute to the diversity and excellence of the academic community through research, teaching, and service as appropriate to position.

Applicants should submit a cover letter, statement of past and future research interests, statement of teaching, and a curriculum vitae directly to our website. Materials should be submitted electronically via https://recruit.ap.ucsb.edu/apply/JPF01181. Applications are due January 20, 2018 for primary consideration. However, applications will continue to be accepted until the position is filled. Questions can be emailed to cpl@medb.ucsb.edu.

The University of California is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, or any other characteristic protected by law.

Chair
Department of Cancer Biology
The University of Toledo College of Medicine and Life Sciences is seeking nominations or applications for the position of Professor and Chair of the Department of Cancer Biology. The successful candidate will provide the vision and leadership to expand the portfolio of funded research in the department through strategic recruitment and support of the current faculty. The department is located on the University of Toledo Health Science Campus, in proximity to the University of Toledo Medical Center and the Eleanor N. Dana Cancer Center. The latter is slated for significant expansion, with emphasis on early-stage clinical trials and personalized approaches to cancer treatment. Candidates with research programs in all areas of cancer biology will be considered. Current research interests represented within the department include development of new therapeutic approaches based on knowledge of cancer signaling pathways, gene regulation, tumor microenvironment, and mechanisms of cancer invasion and metastasis. Specific information about the research interests of the faculty is available at http://www.utoledo.edu/med/depts/cancer-biology/profiles.html. In addition to its research mission, the department is strongly committed to graduate and medical education. The Cancer Biology track of the Biomedical Sciences graduate program is closely aligned with the department.

The next Chair is expected to have excellent communication and leadership skills, a strong commitment to faculty mentorship, experience in medical or graduate education, and a clear vision for advancing the research mission of the department. A substantial record of extramurally funded research in an area related to cancer biology and the ability to foster intra- and interdepartmental collaborations are important qualifications. The College of Medicine and Life Sciences is committed to growth of its cancer research programs, and the new Chair of Cancer Biology will be provided with renovated lab space and resources to accomplish this goal. Applications should include a letter of interest summarizing research, educational and leadership experience and a curriculum vitae. Application materials may be sent via e-mail as a single pdf file to the attention of the Cancer Biology Search Committee, c/o Megan Newcomer, COMLS Dean’s Office, 3000 Arlington Ave., University of Toledo Health Science Campus, Toledo, OH 43614. megan.newcomer@utoledo.edu

The University of Toledo is committed to diversity and equal opportunity. Applications from women and minority candidates are strongly encouraged.

BIODISCOVERY INSTITUTE, UNIVERSITY OF NORTH TEXAS
TWO ASSISTANT/ASSOCIATE PROFESSOR POSITIONS
The University of North Texas (UNT), Denton, Texas, invites applications from outstanding scientists for two academic-year positions at the assistant or associate professor levels in the BioDiscovery Institute (BDI), one of four recently established Institutes of Research Excellence. Candidates addressing important fundamental and applied questions in the synthesis and development of bio-based products for agriculture, materials engineering, bioenergy or health benefits are especially encouraged to apply. We are seeking individuals working in two general areas: (1) microbial metabolism and synthetic biology and (2) structure-based enzyme design. These new hires will complement and interact with existing researchers in systems modeling of metabolism, plant biochemistry, and biotechnology. Dedicated, newly renovated research space, competitive start-up packages, and state-of-the-art core facilities in genomics and metabolomics will support these new members and their colleagues in BDI.

Successful candidates will bring an internationally recognized research program, interact with diverse faculty, staff and students within BDI and across UNT, and contribute to graduate and/or undergraduate training. Applicants should have a Ph.D. in a biological, computational, physical or engineering sciences discipline, an established record of funding and publications in one of the target areas described above, and a commitment to excellence in research within an interdisciplinary environment. Applications should be made through the UNT Academic Resources website (https://facultyjobs.unt.edu) and should include a cover letter, curriculum vitae, two-page summary of research interests and accomplishments, one-page statement of teaching philosophy, and the names and contact information for three references. Questions may be directed to Brian G. Ayre (bgyare@unt.edu), Search Committee Chair, or Kent D. Chapman (chapman@unt.edu), BDI Director. Screening of applications will begin immediately and will continue until the positions are closed. For best consideration, apply by February 15, 2018.

The University of North Texas is an Equal Opportunity/Access/Affirmative Action/Pro Disabled and Veteran Institution committed to diversity in its employment and educational programs, thereby creating a welcoming environment for everyone.
Southwest Jiaotong University, Chengdu, China
Invites Applications for Academic Positions

and then, the City flourishes in hibiscus blossoms in no end," as so known, Chengdu has been long renowned for its historical and cultural heritage, and for its natural beauty and abundance. As a major cultural and economical center and a transportation hub, the City offers first-class cultural experience, education, employment, cuisine and living environment. Leveraging on these unique advantages and the University’s strengths, SWJTU is vigorously implementing its strategic plan "Developing and Strengthening SWJTU: Attracting and Cultivating Talents". We earnestly look forward to your joining our legacy and contributing to the University’s continuing excellence.
