

DISCOVER THE FUTURE

TWO LEADING POSITIONS AT SCILIFELAB

To further strengthen our research environment and complement research areas already present at SciLifeLab, we are now looking to recruit two outstanding young group leaders to new Fellows positions. As part of the SciLifeLab Fellows program, you become an associate at our research center, as well as contract a position at one of our host universities.

Read more at: www.scilifelab.se/fellows. Application deadline: **March 22, 2019**.

Assistant Professor in Gene Technology

Gene technology, molecular technologies, and bioinformatic analyses of DNA, RNA and proteins

Assistant Professor in Bioinformatics

Analyses of biological and medical data, with special emphasis on integration and handling of multidisciplinary omics data

About SciLifeLab

As a national hub for molecular biosciences in Sweden, SciLifeLab (Science for Life Laboratory) facilitates cutting-edge, multi-disciplinary life science research and promotes its translation to the benefit of society. The center focuses on both health and environmental research and is jointly operated by its four founder universities: KTH Royal Institute of Technology, Karolinska Institutet, Stockholm University, and Uppsala University. About 200 research groups, 1500 researchers and 40 national infrastructure facilities are associated with SciLifeLab.
