Johns Hopkins University
School of Medicine
The School of Medicine is an Integral Part of the University and is in the Closest Affiliation with the Johns Hopkins Hospital.

ADMISSION
Candidates for admission must be graduates of approved colleges or scientific schools with at least two years' instruction, including laboratory work in chemistry, and one year each in physics and biology, together with evidence of a reading knowledge of French and German.

Each class is limited to a maximum of 75 students, men and women being admitted on the same terms. Applications may be sent any time during the academic year but not later than June 15th.

If vacancies occur, students from other institutions desiring advanced standing may be admitted to the second or third year provided they fulfill our requirements and present exceptional qualifications.

INSTRUCTION
The academic year begins the Tuesday nearest October 1, and closes the second Tuesday in June. The course of instruction occupies four years and special emphasis is laid upon practical work in the laboratories, in the wards of the Hospital and in the dispensary.

TUITION
The charge for tuition is $360 per annum, payable in three installments. There are no extra fees except for certain expensive supplies, and laboratory breakage.

The annual announcement and application blanks may be obtained by addressing the Registrar of the School of Medicine, Johns Hopkins University, Washington and Monument Sts., Baltimore, Md.

Owing to an extensive building program about to be inaugurated at the Hospital and Medical School, it has been deemed necessary to withdraw, for the next two years at least, post-graduate instruction during the year as well as the summer course formerly given during June and July.

LEITZ
College Microscopes

Models "L" and "LL"

In Stock for Immediate Delivery

In precision of optical and mechanical workmanship the Microscopes "L" and "LL" are equal to the elaborate Leitz Research Microscopes, having however been simplified in their adjustments so as to give the greatest practical usefulness in class room and student laboratory work.

The Teaching Profession, through an ever increasing knowledge of the intimate technical details in the construction of scientific instruments, have been made to realize the advantages derived when selecting class room microscopes of superior quality and the attending feature of continuous satisfaction as well as economy through saving of repair expenses.

Leitz Microscopes meet these requirements in an uncontested manner, their prices not being higher than other instruments of similar construction.

If the purchase of class room microscopes is anticipated, ask for our literature and estimate; we satisfy the most discriminating requirements and through the use of Leitz College Microscopes "L" and "LL," institutions will realize the importance of superior quality.
