New "Easy to Read" Scale on B. & L. COLORIMETER

*Scale can be quickly and accurately read in darkened room*

TRANSLUCENT scales inside the instrument, totally reflecting built-in prism and a special magnifier on the outside of the instrument make possible the reading of the scale from the eyepoint position on the 50 mm [No. 2502] Bausch & Lomb Colorimeter. The scale is illuminated by the same light source as is the colorimeter, thereby making it luminous and easy to read even in the darkened room. The design of the cups provides for the easy adjustment of a number of cups for perfect equality with reference to the zero point.

The third improvement on the No. 2502 Bausch & Lomb Colorimeter is the vernier adjustment from the outside of the instrument by means of clamp heads. All of these features tend toward more accurate and rapid color comparisons. Literature on the new 50 mm B. & L. Colorimeter and other models will be gladly sent on request.

Properly Seasoned Woods Do Not Warp

In five or six years after your Laboratory Furniture is installed, you can appreciate what it means to have Kewaunee yard-seasoned or kiln-dried woods used in its construction.

We carry an enormous stock of hard woods suitable for Laboratory Furniture.

They are seasoned in our yards and then thoroughly dried in our extensive kilns.

No lumber is ever used that is not in perfect condition for the proper manufacture of Laboratory Furniture.

We frequently receive such reports as this:

"We are very well satisfied with the results which we have obtained from the use of this furniture, as we find it all that you claimed for it. The tables are flat and free from warping as when installed."

The Laboratory Furniture Authority

That's what educators call the big Kewaunee Book—416 pages, with 46 views of buildings and model installations and with some of the desks reproduced in natural colors. The book will be sent without charge, prepaid, to any executive. Address all inquiries to the factory at Kewaunee.

Physics Laboratory Table
No. 700
Very popular with teachers. Very substantially built. Can be supplied, if desired, with lower cupboard and drawers.

Chemical Desk No. 850
A good practical design at a moderate price that embodies all the essential features of the more elaborate desks.

Instructor's Desk No. 1416
For Private Laboratory
Produced in response to an insistent demand for an absolutely private work-table. Roll top cover completely encloses.

Northwestern University
MEDICAL SCHOOL

Situated in Chicago in close proximity to important Hospitals with an abundance of clinical material.

ADMISSION REQUIREMENTS—Two years of College credit, including a satisfactory course in Physics, Chemistry, Biology or Zoology, and French or German.

COURSE OF STUDY—leading to the degree of Doctor of Medicine—Four years in the Medical School and a fifth year either as Intern in an approved hospital or devoted to research in some branch of Medical Science.

GRADUATE INSTRUCTION—in courses leading to the degree of Master of Arts or Doctor of Philosophy.

RESEARCH FOUNDATION—The James A. Patten Endowment for Research affords unusual opportunities for advanced students of Medical Science to pursue special investigations.

RESEARCH FELLOWSHIPS—Four fellowships of the value of $500 each are awarded annually to promote scholarly research.

TUITION FEES—The tuition fee for undergraduate students is $215.00 a year.

Next session begins September 28, 1926.

COLEMAN & BELL
Laboratory Reagents are Dependable!

Our List Includes:
C. P. Inorganic Chemicals
C. P. Organic Chemicals
Chemical Indicators (dry). Including
Hydrogen Ion Indicators of
Clark & Lucs and Sorensen
Biological Stains (dry)
Reagents and Solutions—
Stains in Solution
Indicators in Solution
Blood Reagents
Diagnostic Reagents
Fixing Solutions
Mounting Media
Volumetric Solutions
Test Papers

Coleman & Bell Products may be secured from the principal dealers in laboratory supplies in the United States and in Foreign Countries, or may be ordered direct. Catalogue sent upon request.

BIOLOGY TEACHER of broad experience and research (publications) in Ecology, Zoology and Geology wishes instructorship with opportunity to complete work for Ph.D. Much experience other than academic and in directing field research under difficulties. Address, “L.,” care Science, 3939 Grand Central Terminal, New York, N. Y.

BIOLOGIST (Zoologist), Ph.D., 35, five years’ graduate study American universities and Paris, desires new location in College or University on basis of record of 10 years’ successful teaching experience and constructive service. Experienced premedical education and museum work. Member professional societies. Professional success as indicated by appointments held, papers published, unusual references. Interview desired. Address “T. N.,” Science, 3939 Grand Central Terminal, N. Y. City, N. Y.

SCIENTIFIC PERIODICALS
We wish to purchase complete files of Bound and Unbound Magazines such as Journal of Experimental Zoology, American Journal of Physiology, Biochemical Journal, as well as other Scientific Magazines. Odd volumes and copies also interest.
