School of Tropical Medicine of the University of Porto Rico under the auspices of COLUMBIA UNIVERSITY

San Juan, P. R.

An institution for the study of tropical diseases and their prevention.

New building containing well equipped laboratories and library. Clinical facilities in general and special hospitals. Field work in cooperation with Insular Department of Health.

Courses in bacteriology, mycology, parasitology, pathology, food chemistry, public health and transmissible diseases, open to graduates in medicine and others having equivalent preparation. Number of students limited.

First term of second session begins Oct. 1, 1927; second term, Feb. 1, 1928. Special students and investigators admitted at other times as space and circumstances permit. In all cases arrangement in advance is advised.

For further information apply to

An Event in Scientific Publishing

AN INTRODUCTION TO THE HISTORY OF SCIENCE

By Dr. George Sarton, Editor of Isis, a Journal of the History of Science; Lecturer on History of Science, Harvard University.

The first of a series of three to five volumes, each a complete and independent unit, of which the whole will form the most comprehensive history of general science ever published. The series is to be issued by the Carnegie Institution of Washington, D. C.

The work is stupendous in scope. It traces the development of science in every country, among every race. It reveals obscure sources of scientific discoveries. The unique arrangement of material enables the reader to refer readily to any specific period in the development of science. All important fields of science are surveyed.

Volume One covers the story of science from the dawn of Greek and Hebrew knowledge in the ninth century, B. C., to the time of Omar Khayyam, the second half of the eleventh century, A. D.

Every volume will be as necessary to the scientific worker as is the dictionary. Public and institutional libraries will need several copies. Dr. Sarton's style is fascinating and entertaining for the general reader as well as for the scientist.

Bound in attractive, durable cloth, gold stamped. Thoroughly indexed. Volume One has 34 chapters comprising 783 pages.

PRICE, $10.00

School of Medicine

NEW ADMISSION REQUIREMENTS
At least three years of approved college work including specified requirements in the sciences.

DEGREE OF B.S. IN MEDICAL SCIENCE
This degree may be awarded at the end of the third or fourth year to students fulfilling certain conditions including the preparation of a thesis.

DEGREE OF DOCTOR OF MEDICINE
Upon satisfactory completion of prescribed four-year course.

For catalogue and information, address
THE DEAN, Washington University
School of Medicine, St. Louis, Missouri

Johns Hopkins University
SCHOOL OF MEDICINE:
The School of Medicine is an Integral Part of the University and is in the Closest Affiliation with the Johns Hopkins Hospital.

ADMISSION
Candidates for admission must be graduates of approved colleges or scientific schools with at least two years' instruction (including laboratory work) in chemistry, and one year each in physics and biology, together with evidence of a reading knowledge of French and German. Each class is limited to a maximum of 75 students, men and women being admitted on the same terms. Applications may be sent any time during the academic year but not later than June 15th. If vacancies occur, students from other institutions desiring advanced standing may be admitted to the second or third year provided they fulfill our requirements and present exceptional qualifications.

INSTRUCTION
The academic year begins the Tuesday nearest October 1, and closes the second Tuesday in June. The course of instruction occupies four years and special emphasis is laid upon practical work in the laboratories, in the wards of the Hospital and in the dispensary.

TUITION
The charge for tuition is $400 per annum, payable in three installments. There are no extra fees except for certain expensive supplies, and laboratory breakage.

Inquiries should be addressed to the Executive Secretary of the School of Medicine, Johns Hopkins University, Washington and Monument Streets, Baltimore, Maryland.

THE REGISTRAR
2109 Adelbert Rd. CLEVELAND

School of Medicine and Dentistry
THE UNIVERSITY OF ROCHESTER

Medical School, Strong Memorial Hospital and Out-Patient Department of the University of Rochester and the Municipal Hospital of the City of Rochester, all under one roof. Medical, Surgical, Obstetric, Pediatric, Contagious and Neurological patients admitted. Unusual opportunities for school and hospital cooperation in medical and dental teaching.

Admission
Medical and dental candidates must have completed three years of college work with special requirements in chemistry, physics and biology. The entering class will not exceed 40, men and women being admitted on equal terms.

Tuition
Charge for tuition will be $300 per annum, payable in equal installments at the beginning of each semester.
