Marine Biological Laboratory  
Woods Hole, Mass.

INVESTIGATION  
Entire Year  
Facilities for research in Zoology, Embryology, Physiology, and Botany. Fifty-two private laboratories $100 each and ninety-four private laboratories $50 each for not over three months. Fifty-six tables are available for beginners in research who desire to work under the direction of members of the staff. The fee for such a table is $50.00.

INSTRUCTION  
June 28 to August 8, 1927  
Courses of laboratory instruction with lectures are offered in Invertebrate Zoology, Protozoology, Embryology, Physiology, and Morphology and Taxonomy of the algae. Each course requires the full time of the student. Fee, $75.00.

SUPPLY DEPARTMENT  
Open the Entire Year  
BIOLOGICAL SUPPLIES
For the classroom, museum or collector.
First class preparations.
Send for new (1926) Catalogue No. 1. Zoological and Embryological material, Life Histories and Habitat Groups.
Catalogue No. 2, Botanical material.
Catalogue No. 3, Microscopic slides.
Address all correspondence regarding material and catalogues to:
Supply Department,  
GEO. M. GRAY,  
Curator, Woods Hole, Mass.

The annual announcement will be sent on application to The Director, Marine Biological Laboratory, Woods Hole, Mass.

The Biological Laboratory  
Cold Spring Harbor, Long Island, N. Y.

Investigation  
Facilities for research in Physiology, Protozoology, Embryology and other branches of Zoology, and Botany. Fee for private room $70.

Special equipment for mammalian work.
Opportunities for beginning investigators. Fee $50.

Instruction  
Six weeks, June 29th to August 9th. Courses in Field Zoology, Physiology, Experimental Surgery, Endocrinology, Field Botany and Plant Ecology. Tuition $70.

Situated in a region rich in marine, fresh water, woodland and meadow life. One hour from the center of New York City. For information, address the Biological Laboratory, Cold Spring Harbor, Long Island, N. Y.

LIVING BULLFROGS  
Safe delivery guaranteed  
We are just recovering from the acute shortage due to the unprecedented droughts of 1924 and 1925. Be sure to reserve your next year's supply while in season, March, April or May. Correspondence solicited.

Also headquarters for living and preserved specimens of all types, microscopic slides, life histories, demonstrations, insect collections. We specialize in many important southern species not obtainable elsewhere.

All material guaranteed without reservations.
Southern Biological Supply Co., Inc.,  
Natural History Building,  
New Orleans, La.

Access to Four Waters  
Tennis Court  
Bathing

Aquarium and site for new laboratory twenty minutes distant by bicycle.

Row boats for collecting can be obtained from the Hotel.

THE HARRINGTON HOUSE  
Bailey's Bay, Bermuda  
An ideal location for those engaged in research and biology.
A large room can be provided for laboratory purposes with running salt and fresh water.

Special rates given to groups of ten of those who wish to accomplish research
School of Medicine

NEW ADMISSION REQUIREMENTS
At least three years of approved college work including specified requirements in the sciences.

DEGREE OF B.S. IN MEDICAL SCIENCE
This degree may be awarded at the end of the third or fourth year to students fulfilling certain conditions including the preparation of a thesis.

DEGREE OF DOCTOR OF MEDICINE
Upon satisfactory completion of prescribed four-year course.

For catalogue and information, address
THE DEAN, Washington University
School of Medicine, St. Louis, Missouri

School of Tropical Medicine
of the
University of Porto Rico

under the auspices of
COLUMBIA UNIVERSITY

San Juan, P. R.

An institution for the study of tropical diseases and their prevention.

New building containing well equipped laboratories and library. Clinical facilities in general and special hospitals. Field work in cooperation with Insular Department of Health.

Courses in bacteriology, mycology, parasitology, pathology, food chemistry, public health and transmissible diseases, open to graduates in medicine and others having equivalent preparation. Number of students limited.

First term of second session begins Oct. 1, 1927; second term, Feb. 1, 1928. Special students and investigators admitted at other times as space and circumstances permit. In all cases arrangement in advance is advised.

For further information apply to
Director
School of Tropical Medicine
San Juan, Porto Rico.

Johns Hopkins University
SCHOOL OF MEDICINE

The School of Medicine is an Integral Part of the University and is in the Closest Affiliation with the Johns Hopkins Hospital.

COURSES FOR GRADUATES
In addition to offering instruction to students enrolled as candidates for the degree of Doctor of Medicine, the School also offers Courses for Graduates in Medicine. In each of the clinical departments opportunity for advanced instruction will be offered to a small number of physicians, who must satisfy the head of the department in which they desire to study that they are likely to profit by it.

Students will not be accepted for a period shorter than three academic quarters of eight weeks each, and it is desirable that four quarters of instruction be taken. The courses are not planned for purposes of review but for broad preparation in one of the lines of medical practice or research. The opportunities offered will consist in clinical work in the dispensary, ward-rounds, laboratory training, and special clinical studies.

The academic year begins the Tuesday nearest October 1 (October 4, 1927), and students may be admitted at the beginning of any academic quarter. The charge for tuition is $50 a quarter, payable in advance.

Inquiries should be addressed to the Executive Secretary of the School of Medicine, Johns Hopkins University, Washington and Monument Streets, Baltimore, Maryland.

ANNOUNCEMENT

may be obtained by application to

THE REGISTRAR

80 East Concord Street,
Boston, Massachusetts
EPPLEY
ELECTROMETRIC TITRATION APPARATUS

Adapted to the determination of end-points either by observing a sudden deflection of the galvanometer as in the titration of dichromate with ferrous sulfate, or by plotting readings proportional to electromotive force against volume of reagent.

FEATURES

Leeds & Northrup Co. portable lamp and scale galvanometer of the suspended coil type with a sensitivity of 40 megohms.

Potentiometer with precision of 1 millivolt; long slide wire for ease of reading and accuracy.

Stirrer on direct flexible shaft drive; speed controlled by rheostat and reducible to 2 revolutions a second.

Portable calomel electrode designed to permit flushing and refilling without removing from apparatus.

Of most simple and compact design; convenient operation.

Furnished for 110 v. A. C. or D. C., 220 v. A. C. or D. C.

Cat. No. 350 Eppley Electrometric Titration

Apparatus, complete, including:

3 Platinum Electrodes
1 Calomel Electrode, portable, filled, ready for use
1 Hildebrand Hydrogen Electrode
1 liter saturated KCl solution

Price $250.00, f. o. b. Newport
