Three Important New Books In Three Different Fields :: ::

IN SOIL SCIENCE

Principles of Soil Microbiology

By SELMAN A. WAKSMAN, Associate Professor of Soil Microbiology, Rutgers; Microbiologist, New Jersey Experiment Station.

The first really comprehensive book on the subject to be published in the English language and the most exhaustive ever published in any language.

Special features include: Occurrence and distribution of microorganisms in soil; methods of isolation, cultivation; physiological activities; chemical processes induced and their relation to plant growth; soil as a medium for pathogenic organisms.

Blue silk, gold stamped. 897 pages. Illustrated. 55 pages of indices.

Price, $10.00

IN MEDICINE

Normal Chest in Adults and Children

By J. A. MYERS, M.D., University of Minnesota. Author of "Vital Capacity of the Lungs."

Not only new, but the only study on the normal human chest in print today. It combines the viewpoints of general medicine, anatomy, neurology, pediatrics, and preventive medicine.

Written with the medical student’s need in mind it will appeal to every practicing physician, anatomist, physiologist, and biologist.

Cloth. 400 pages. 143 illustrations. Index. Bibliography.

Price, $5.00

IN SOCIAL SCIENCE

Social Psychology Interpreted

By JESSE WILLIAM SPROWLS, Ph.D., St. Johns College, Annapolis, Maryland.

A study for the beginner in the field of social psychology which approaches the subject in a new and stimulating manner. The author traces the history of psychological thinking as applied to social matters. He reveals the close and important relationship existing between psychology and the sciences of sociology, history, and anthropology.

The book is noteworthy for the extreme simplicity and force with which it threads the difficult field of social psychology and points the way to clearer and more accurate thinking.

Cloth, gold stamped. 204 pages. Index. Bibliography.

Price, $4.00

A Debate on the Theory of RELATIVITY

With an Introduction by William Lowe Bryan, President of Indiana University

RELATIVITY has finally been explained in non-technical terms. Anyone wishing to know the principles of this theory will find them clearly stated in debate form in this volume.

Favoring the Theory:

ROBERT D. CARMICHAEL, University of Illinois

HAROLD T. DAVIS, Indiana University

OPPOSING THE THEORY:

WILLIAM W. MACMILLAN, University of Chicago

MASON E. HUFFORD, Indiana University

Cloth, $2.00

UNVARYING ACCURACY WITH LAMOTTE STANDARDS

Scientists, teachers and research workers find the LaMotte Roulette Comparator the ideal equipment for making hydrogen ion tests because of its simplicity, convenience and accuracy. LaMotte Color Standards insure absolute accuracy at all times. They are standard equipment in many important laboratories.

Write for a copy of our interesting brochure, "The ABC of Hydrogen Ion Control," explaining this modern control method in simple language. Free upon request.

LaMOTTE CHEMICAL PRODUCTS CO.

418 Light St. Baltimore, Md., U. S. A.
COLEMAN & BELL
Test Papers

Are manufactured from indicators of the highest purity and special paper manufactured for this purpose. The care taken in their manufacture is evidenced by the increased sensitivity of these papers.

Our list includes:
- Cochineal Paper
- Congo Red Paper
- Litmus Paper Blue
- Litmus Paper Neutral
- Litmus Paper Red
- Methylene Orange Paper
- Methylene Red Paper
- Phenolphthalein Paper
- Potassium Iodide Starch Paper
- Turmeric Paper

Vials, 100 strips, $0.12 each, $0.95 dozen. Sheets, 8" x 10", $1.00 quire. Complete catalogue of Laboratory Reagents upon request.

Manufacturing Chemists
NORWOOD, OHIO, U. S. A.

The Biological Laboratory
Cold Spring Harbor, Long Island, N. Y.

Investigation
Facilities for research in Physiology, Protozoology, Embryology and other branches of Zoology, and Botany. Fee for private room $75. Special equipment for mammalian work. Opportunities for beginning investigators. Fee $30.

Instruction
Six weeks, June 29th to August 9th. Courses in Field Zoology, Physiology, Experimental Surgery, Endocrinology, Field Botany and Plant Ecology. Tuition $75. Situated in a region rich in marine, fresh water, woodland and meadow life. One hour from the center of New York City. For information, address the Biological Laboratory, Cold Spring Harbor, Long Island, N. Y.

School of Medicine

NEW ADMISSION REQUIREMENTS
At least three years of approved college work including specified requirements in the sciences.

DEGREE OF B.S. IN MEDICAL SCIENCE
This degree may be awarded at the end of the third or fourth year to students fulfilling certain conditions including the preparation of a thesis.

DEGREE OF DOCTOR OF MEDICINE
Upon satisfactory completion of prescribed four-year course.

For catalogue and information, address
THE DEAN, Washington University
School of Medicine, St. Louis, Missouri

ORGANIZED IN 1873

ANNOUNCEMENT
may be obtained by application to
THE REGISTRAR
80 East Concord Street
Boston Massachusetts

Johns Hopkins University
SCHOOL OF MEDICINE

The School of Medicine is an Integral Part of the University and is in the Closest Affiliation with the Johns Hopkins Hospital.

COURSES FOR GRADUATES
In addition to offering instruction to students enrolled as candidates for the degree of Doctor of Medicine, the School also offers Courses for Graduates in Medicine. In each of the clinical departments opportunity for advanced instruction will be offered to a small number of physicians, who must satisfy the head of the department in which they desire to study that they are likely to profit by it.

Students will not be accepted for a period shorter than three academic quarters of eight weeks each, and it is desirable that four quarters of instruction be taken. The courses are not planned for purposes of review but for broad preparation in one of the lines of medical practice or research. The opportunities offered will consist in clinical work in the dispensary, ward-rounds, laboratory training, and special clinical studies.

The academic year begins the Tuesday nearest October 1 (October 4, 1927), and students may be admitted at the beginning of any academic quarter. The charge for tuition is $50 a quarter, payable in advance.

Inquiries should be addressed to the Executive Secretary of the School of Medicine, Johns Hopkins University, Washington and Monument Streets, Baltimore, Maryland.
