New Books in Science

An Elementary Laboratory Guide in General Bacteriology  $3.00
By Harold J. Conn. A student laboratory guide intended to accompany Conn & Conn’s Bacteriology.

Food Infections and Food Intoxications  $4.00
By Samuel Reed Damon. The first comprehensive study in 10 years, incorporating much new material and much never before published in book form.

A Dictionary of Bacteriological Equivalents  $4.00

A Popular Guide to Radio  $3.50
By B. Francis Dashell. An explanation of the rise, development, and operation of modern radio in non-technical language.

The Rise of Modern Physics  $5.00
By Henry Crew. A short history of the men and developments which have made physics a science.

Animal Life of the Carlsbad Cavern  $3.00
By Vernon Bailey. The history and natural life of the great cave at Carlsbad, New Mexico, told by a well-known biologist.

Mongolism  $4.50
By Kate Brousseau. A psychological and physiological study for the teacher of feeble-minded children, physicians, and students of psychiatry.

JOHNS HOPKINS UNIVERSITY
SCHOOL OF MEDICINE

The School of Medicine is an Integral Part of the University and is in the Closest Affiliation with the Johns Hopkins Hospital.

ADMISSION
Candidates for admission must be graduates of approved colleges or scientific schools with two years' instruction, including laboratory work, in chemistry, and one year each in physics and biology, together with evidence of a reading knowledge of French and German.
Each class is limited to a maximum of 75 students, men and women being admitted on the same terms.
Applications may be sent any time during the academic year but not later than June 15th.
If vacancies occur, students from other institutions desiring advanced standing may be admitted to the second or third year provided they fulfill the requirements and present exceptional qualifications.

INSTRUCTION
The academic year begins the Tuesday nearest October 1, and closes the second Tuesday in June. The course of instruction occupies four years and special emphasis is laid upon practical work in the laboratories, in the wards of the Hospital and in the dispensary.

TUITION
The charge for tuition is $500 per annum, payable in two installments. There are no extra fees except for certain expensive supplies, and laboratory breakage.
Inquiries should be addressed to the Executive Secretary of the School of Medicine, Johns Hopkins University, Washington and Monument Sts., Baltimore, Md.
Graduates in Medicine who satisfy the requirements of the heads of the departments in which they desire to work are accepted as students for a period not less than three quarters. Tuition charge is $50 a quarter.

School of Medicine and Dentistry
THE UNIVERSITY OF ROCHESTER

Medical School. Strong Memorial Hospital. School of Nursing and Out-Patent Department of the University of Rochester and the Municipal Hospital of the City of Rochester, all under one roof. Medical, Surgical, Obstetric, Pediatric, Contagious and Neurological patients admitted. Unusual opportunities for school and hospital cooperation in medical and dental teaching.

Admission
Medical and dental candidates must have completed three years of college work with special requirements in chemistry, physics and biology. The entering class will not exceed 40, men and women being admitted on equal terms.

Tuition
Charge for tuition will be $300 per annum, payable in equal installments at the beginning of each semester.

INVESTIGATION
Entire Year
Facilities for research in Zoology, Embryology, Physiology, and Botany. Fifty-two private laboratories $100 each and ninety-four private laboratories $200 each for not over three months. Fifty-six tables are available for beginners in research who desire to work under the direction of members of the staff. The fee for such a table is $50.00.

INSTRUCTION
June 27 to August 7, 1928
Courses of laboratory instruction with lectures are offered in Invertebrate Zoology, Protozoology, Embryology, Physiology, and Morphology of the Algae. Each course requires the full time of the student. Fee, $75.00.

SUPPLY DEPARTMENT
Open the Entire Year
NEW SCIENTIFIC BOOKS
The Macmillan Company, New York
A SHORT HISTORY OF WESTERN CIVILIZATION. Alan P. Hattonley. pp. ix + 846. $2.75.

NEW YORK UNIVERSITY
Fellowships in Physics
The Department of Physics of New York University offers each year several teaching fellowships in the University College of Arts and Pure Sciences and the College of Engineering. These fellowships are intended for students prepared for graduate work in physics and the holders are accepted as graduate students in the University with remission of tuition fees.

Applications for fellowships or requests for further information may be addressed to the Chairman of the Physics Department, New York University, University Heights, New York, N. Y.

BINOCULARS
The new 7-Power, weighs only 6 oz. Can be carried in vest pocket or ladies' bag. A wonderful high-grade Jeno Binocular for every use. $35

LIVING BULLFROGS
Safe delivery guaranteed
Teach Biology with live specimens where practicable
We have the only complete live materials establishment in America. Live plants and animals representing all types are kept on hand under semi-natural conditions at all seasons.

"100%"
—and Everyone Delighted

What more could anyone say of anything—than to say it is 100%?

From a letter by Chas. S. Mason, President of the School Board, Hancock, Mich., we take the following paragraph:

"In reference to the Laboratory Furniture of the Hancock High School, when the purchase was made I was President of the Board, and can say that everything we bought from you was 100% and that every member of the School Board and of the High School teaching staff is more than delighted with the Laboratory Furniture."

Kewaunee
Laboratory Furniture

Used in schools all over America for the teaching of Physics, Chemistry, Biology, Electricity, Drawing and Art, Domestic Science, and Manual Training.

Ask leading educators everywhere, and they will assure you of these facts:

1. That Kewaunee is most scientifically designed for the greatest possible pedagogic service.
2. That Kewaunee is made by men who know woods—how to select, how to treat before use, and how to fashion for long life and perfect service.
3. That Kewaunee is moderately priced—that it is the greatest value in its field.
4. That Kewaunee does stand up under service.

Send us your floor plan blueprints or rough sketches. We will make suggestive layout for equipment to meet your requirements without charge or obligation.

Here's the Authority on Laboratory Furniture

For complete information on Laboratory Furniture for the teaching of Physics, Chemistry, Biology, Agriculture, Electricity, Domestic Science, Manual Training, etc., ask for a copy of the Kewaunee Book. Sent free to any instructor or official who replies, giving his position and using the stationery of the institution. Address all inquiries to the home office at Kewaunee.
