The Wistar Institute Bibliographic Service

Marine Biological Laboratory
Woods Hole, Mass.

INVESTIGATION
Entire Year

Facilities for research in Zoology, Embryology, Physiology, and Botany. Fifty-two private laboratories $300 each, and ninety-four private University laboratories $200 each for not over three months. Fifty-six tables are available for beginners in research who desire to work under the direction of members of the staff. The fee for such a table is $50.00.

INSTRUCTION
June 27 to August 7, 1928

Courses of laboratory instruction with lectures are offered in Invertebrate Zoology, Protozoology, Embryology, Physiology, and Morphology of Taxonomy of the algae. Each course requires the full time of the student. Fee, $75.00. The fee from the second or third year will be sent on application to the Director, Marine Biological Laboratory, Woods Hole, Mass.

SUPPLY DEPARTMENT
Open the Entire Year

Biological Supplies
For the classroom, museum or collector.
Look for the sign of the Limulus. As the Limulus represents the test of time, we feel from the business growth that our supplies have also stood the test of years.

Send for Catalogue
No. I. Zoological and Embryological material. Life Histories and Habitats Gross Slides.
No. II. Botanical material.
No. III. Microscopic Slides.
Address all correspondence regarding material and catalogues to: Supply Department GEO. M. GRAY, Curator, Woods Hole, Mass.

The Wistar Institute Bibliographic Service
is of invaluable assistance to Librarians - Investigators - Teachers
It brings to them, in AUTHORS ABSTRACT form, a brief review of all original papers on Biological Subjects which appear in the following journals:
Journal of Morphology and Physiology
The Journal of Comparative Neurology
The American Journal of Anatomy
The Anatomical Record
The Journal of Experimental Zoology
American Journal of Physical Anthropology
The American Anatomical Memoirs
The Biological Bulletin (M. B. L., Woods Hole, Mass.)
Folia Anatomea Japonea (Tojku, Japan)
The Journal of Parasitology (Urbana, Ill.)
The Australian Journal of Experimental Biology and Medical Science (Adelaide, South Australia)
Stain Technology (Geneva, N. Y.)
Physiological Zoology (Chicago, Ill.)

Advance Abstract Sheets
Issued every few days, bearing Authors’ Abstracts without bibliographic references, offer a practical means of making research immediately available in abstract form and of purchasing articles of special interest in reprint form without the necessity of subscribing to all the journals. Subscription, $3.00 per year.

Bibliographic Service Cards
with complete bibliographic references, printed on Standard Library-catalogue cards, are of valuable assistance to Librarians and investigators. Subscription, $5.00 per year.

Abstracts in Book Form
referred to above, are brought together periodically, with Authors’ and Analytical Subject Indices. Price, $5.00 per volume.

Subscriptions to the Bibliographic Service and orders for reprints should be sent to The Wistar Institute of Anatomy and Biology Thirty-sixth St. and Woodland Ave. Philadelphia, Pa.

JOHNS HOPKINS UNIVERSITY
THE SCHOOL OF MEDICINE

The School of Medicine is an Integral Part of the University and is in the Closest Affiliation with the Johns Hopkins Hospital.

ADMISSION
Candidates for admission must be graduates of approved colleges or scientific schools with two years’ instruction, including laboratory work, in chemistry, and one year each in physics and biology, together with evidence of a reading knowledge of French and German.

Each class is limited to a maximum of 75 students, men and women being admitted on the same terms. Applications may be sent any time during the academic year but not later than June 15th.

If vacancies occur, students from other institutions desiring advanced standing may be admitted to the second or third year provided they fulfill the requirements and present exceptional qualifications.

INSTRUCTION
The academic year begins the Tuesday nearest October 1, and closes the second Tuesday in June. The course of instruction occupies four years and emphasizes is laid upon practical work in the laboratories, in the wards of the Hospital and in the dispensary.

TUITION
The charge for tuition is $400 per annum, payable in two installments. There are no extra fees except for certain expensive supplies, and laboratory breakage.

Inquiries should be addressed to the Executive Secretary of the School of Medicine, Johns Hopkins University, Washington and Monument Sta., Baltimore, Md.

Graduates in Medicine who satisfy the requirements of the heads of the departments in which they desire to work are accepted as students for a period not less than three quarters. Tuition charge is $300 a quarter.

Johns Hopkins University, Washington, D.C.

School of Medicine and Dentistry
THE UNIVERSITY OF ROCHESTER

Medical School, Strong Memorial Hospital, School of Nursing and Out-Patient Department of the University of Rochester and the Municipal Hospital of the City of Rochester, all under one roof. Medical, Surgical, Obstetric, Pediatric, Contagious and Neurological patients admitted. Unusual opportunities for school and hospital cooperation in medical and dental teaching.

Admission
Medical and dental candidates must have completed three years of college work with special requirements in chemistry, physics and biology. The entering class will not exceed 40, men and women being admitted on equal terms.

Tuition
Charge for tuition will be $300 per annum, payable in equal installments at the beginning of each semester.

NEW SCIENTIFIC BOOKS

A GUIDE TO THE CONSTELLATIONS. Samuel G. and William H. Barton. pp. x + 74. Illustrated. $2.50.
Devoted exclusively to naked-eye, observational astronomy and written for beginners and as a supplement to the regular text-books. Because of the many large charts included, the book will also be helpful as a source of reference.

The Macmillan Company, New York
COLLEGE TEXT-BOOK OF HYGIENE. Dean F. Smiley and Adrian G. Gould. pp. xiv + 333. $2.00.
Based throughout on those facts of hygiene which have been demonstrated as valuable by modern scientific research. The plan of the book has been developed gradually during the past seven years in the courses in personal and community hygiene for Cornell University students.

University Press Association, Honolulu
In writing this book the authors have had a very definite aim—the blending of the subject-matter and viewpoints of two sciences which have the same physical structures as a basis, namely, psychology and neurology.

Oxford University Press, London
ELEMENTARY BUILDING SCIENCE. Alfred Everett. 159 pp.
No new science is implied in this title, but rather the application of physics and chemistry to building and building materials and related problems. Some of the chapters are: Measuring and Weighing; Transfer of Heat; Hard and Soft Water; the Barometer, Pumps and Siphons; Building Materials.

WANTED--ANATOMIST
An M.D. or Ph.D. with thorough training in microscopic and gross anatomy. Beginning salary $2,500.
Address, D. J. L. Worcester, University of Washington, Seattle, Washington.

THE MICROSCOPE
By SIMON H. GAGE, of Cornell University
Revised, Dark-field Edition (1927) now Available.
The Old and the New in Microscopy, with a special chapter on Dark-Field Methods and their Application.
Postpaid, $3.50
COMSTOCK PUBLISHING CO., ITHACA, N. Y.

SCIENTIFIC PERIODICALS
Chemical, Medical and allied subjects. Complete files, volumes and copies, bought and sold. Kindly send us a list of your wants and items of which you may wish to dispose.

B. LOGIN & SON
29 East 21st Street New York, N. Y.

A Personal Service for INVENTORS
I maintain an unexcelled organization and thoroughly equipped laboratories, to render the following services:
1. I PREPARE APPLICATIONS for patents for filing in the United States and foreign countries.
2. I PLACE INVENTIONS with responsible manufacturers, with whom I am acquainted, under arrangements that are made profitable to the inventor.
3. I SPECIALIZE in Electrical, Mechanical, Chemical and Radio Devices.
4. I INVITE CORRESPONDENCE with reputable Inventors, Scientists, Chemists and Physicists, regarding their inventions and uncompleted experiments.

LIVING BULLFROGS
Safe delivery guaranteed
Teach Biology with live specimens where practicable
We have the only complete live materials establishment in America. Live plants and animals representing all types are kept on hand under semi-natural conditions at all seasons.
Also headquarters for preserved specimens of all types, microscopic slides, life histories, demonstrations, osteological preparations, insect collections. We specialize in many important southern species not obtainable elsewhere.
All material guaranteed without reservations.
SOUTHERN BIOLOGICAL SUPPLY CO., INC.
Natural History Building, New Orleans, La.
Principles of inertia, sound, and color—
are vividly fixed in the student’s memory by successful lecture table demonstration. Apparatus that fails at a critical moment means disastrous anti-climax. Hence the rugged construction of Cenco’s Lecture Table Rotator No. F1023 which has a continuous speed range from zero to 2500 RPM, ball bearing spindle, adjustable in position through the entire 360° arc and a full 1/20 HP motor supported on a heavy tripod base, adjustable for elevation.

No. F1023A, 110 volts AC....$100.00  
No. F1023B, 220 volts AC.... 105.00  
No. F1023C, 110 volts DC.... 100.00  
No. F1023D, 220 volts DC.... 105.00
