THE MICROSCOPE
By SIMON H. GAGE, of Cornell University
The Old and the New in Microscopy, with a special chapter on Dark-Field Methods and their Application.

Postpaid, $3.50
COMSTOCK PUBLISHING CO., ITHACA, N. Y.

The Biological Laboratory
Cold Spring Harbor, Long Island, N. Y.
Now open the entire year for Research in any branch of Biology Fundulus and other marine material abundant for embryological and physiological investigation. Special Equipment for mammalian work. Fee for private laboratory $75, table $50.

Instruction
Six weeks, June 27th to August 8th. Courses in Field Zoology, Physiology, Surgical Methods in Experimental Biology; Endocrinology, Field Botany and Plant Ecology. Tuition, $75.
A marine littoral location, in rolling, forested country, with close proximity to brackish and fresh water collecting grounds, yet only an hour from the center of New York City, with access to its splendid museums, institutions and libraries.

Marine Biological Laboratory
Woods Hole, Mass.

INVESTIGATION
Entire Year
Facilities for research in Zoology, Embryology, Physiology, and Botany. Fifty-two private laboratories $100 each and ninety-four private laboratories $200 each for not over three months. Fifty-six tables are available for beginners in research who desire to work under the direction of members of the staff. The fee for such a table is $50.00.

INSTRUCTION
June 27 to August 7, 1928
Courses of laboratory instruction with lectures are offered in Invertebrate Zoology, Protozoology, Embryology, Physiology, and Morphology and Taxonomy of the algae. Each course requires the full time of the student. Fee, $75.00.

The annual announcement will be sent on application to The Director, Marine Biological Laboratory, Woods Hole, Mass.

SUPPLY DEPARTMENT
Open the entire year

Biological Supplies
For the classroom, museum or collector.
Look for the sign of the Limulus. As the Limulus represents the test of time, we feel from the business growth that our supplies have also stood the test of years.

Send for catalogue
No. I. Zoological and Embryological material. Life Histories and Habitat Groups.
No. II. Botanical material.
No. III. Microscopic Slides.
Address all correspondence regarding material and catalogues to
Supply Department
GEO. M. GRAY, Curator, Woods Hole, Mass.

New Science Books

Antihelminitics and their Uses $5.00
By R. N. Chopra and A. C. Chandler. A concise and systematic study from the pharmacological and helminthological viewpoints for the physician, health worker, veterinarian, and pharmacologist.

Sir Isaac Newton: 1727-1927 $5.00
Edited by Frederick E. Brasch. A bi-centenary estimate of all phases of Newton's career, contributed to by leading scientists of America, among them: David Eugene Smith, Michael I. Pupin, Paul W. Heyl, Florian Cajori and George E. Roberts. Published in conjunction with The History of Science Society.

Filterable Viruses $7.50

Leaf-Mining Insects $6.00

Physiology and Biochemistry of Bacteria $7.50
By R. E. Buchanan and Ellis I. Fulmer. An introduction to the growth phases, composition, and biochemical chemistry of bacteria and their environment, and energetics.

To be published in May

School of Medicine and Dentistry
THE UNIVERSITY OF ROCHESTER

Medical School, Strong Memorial Hospital, School of Nursing and Out-Patient Department of the University of Rochester and the Municipal Hospital of the City of Rochester, all under one roof. Medical, Surgical, Obstetric, Pediatric, Contagious and Neurological patients admitted. Unusual opportunities for school and hospital cooperation in medical and dental teaching.

Admission
Medical and dental candidates must have completed three years of college work with special requirements in chemistry, physics and biology. The entering class will not exceed 40, men and women being admitted on equal terms.

Tuition
Charge for tuition will be $300 per annum, payable in equal installments at the beginning of each semester.

JOHNS HOPKINS UNIVERSITY
SCHOOL OF MEDICINE

The School of Medicine is an integral part of the University and is in the closest affiliation with the Johns Hopkins Hospital.

ADMISSION
Candidates for admission must be graduates of approved colleges or scientific schools with two years' instruction, including laboratory work, in chemistry, and one year each in physics and biology, together with evidence of a reading knowledge of French and German. Each class is limited to a maximum of 75 students, men and women being admitted on the same terms. Applications may be sent any time during the academic year but not later than June 15th. If vacancies occur, students from other institutions desiring advanced standing may be admitted to the second or third year provided they fulfill the requirements and present exceptional qualifications.

INSTRUCTION
The academic year begins the Tuesday nearest October 1, and closes the second Tuesday in June. The course of instruction occupies four years and special emphasis is laid upon practical work in the laboratories, in the wards of the Hospital and in the dispensary.

TUITION
The charge for tuition is $400 per annum, payable in two installments. There are no fees except for certain expensive supplies, and laboratory breakage.

Inquiries should be addressed to the Executive Secretary of the School of Medicine, Johns Hopkins University, Washington Monument Sts., Baltimore, Md.

Graduates in Medicine who satisfy the requirements of the heads of the departments in which they desire to work are accepted as students for a period not less than three quarters. Tuition charge is $50 a quarter.

These Two New Books initiate the program of medical publication which the University of Chicago has undertaken in connection with the opening of its laboratories, clinics, and hospitals.

The Newer Knowledge of Bacteriology and Immunology

Edited by Edwin O. Jordan and I. S. Falk

Written by Eighty-two Contributors

A complete and up-to-date summary of progress in fields in which unusually rapid progress has been made during the last decade. Each of these eighty-two authors has made a definite contribution to scientific knowledge, and his chapter represents his latest conclusions.

$10.00

Childbirth

An Outline of its Essential Features and the Art of Its Management

By William George Lee, M.D.

During his full years as clinician and teacher Dr. Lee evolved a definite theory and practice of obstetrics. His book is his final word upon the phenomenon of childbirth. It is unique in giving a concise and logical presentation of the essential points in the management of labor.
