SCIENCE—ADVERTISEMENTS

BROOKLYN BOTANIC GARDEN MEMOIRS
Volume I: 33 contributions by various authors on genetics, pathology, mycology, physiology, ecology, plant geography, and systematic botany. Price, $3.50 plus postage.

AMERICAN JOURNAL OF BOTANY
Devoted to All Branches of Botanical Science
Established 1914. Monthly, except August and September. Official Publication of the Botanical Society of America. Subscription, $7 a year for complete volumes (Jan. to Dec.). Parts of volumes at the single number rate. Volumes 1-17 complete, as available, $3.50. Single numbers, $1.00 each, post free. Prices of old volumes on request. Foreign postage: 40 cents.

ECOLOGY
All Forms of Life in Relation to Environment

GENETICS
A Periodical Record of Investigations bearing on Heredity and Variation
Established 1915. Bi-monthly. Subscription, $6 a year for complete volumes (Jan. to Dec.). Parts of volumes at the single number rate. Single numbers, $1.25 post free. Back volumes, as available, $7 each. Foreign postage: 50 cents.

Orders should be placed with
The Secretary, Brooklyn Botanic Garden, 1000 Washington Ave. Brooklyn, N. Y., U. S. A.

Indian Institute of Science, Bangalore.
Professorship of Biochemistry
The Council will shortly proceed to appoint a Professor of Biochemistry. The terms offered are Rs 1250 rising to 1500 per month, with supplementary allowance of Rs 500 per month for candidates appointed from overseas, and free house or lodging. A satisfactory grant is given to meet the expenses of the Journey. The engagement is in the first instance for six years, after which, if the appointment be not renewed, a retiring allowance is given by the Institution. The present rate of income tax is approximately six per cent of the income.

Applications should be sent direct to Prof. F. G. Donnan, Chemical Department, University College, Gower Street, London, W. C. 1.

School of Medicine and Dentistry
University of Rochester
Medical School, Strong Memorial Hospital, School of Nursing and Out-Patient Department of the University of Rochester and the Municipal Hospital of the City of Rochester, all under one roof. Medical, Surgical, Obstetric, Pediatric, Dental, Contagious and Neurological patients admitted. Unusual opportunities for school and hospital cooperation in medical and graduate dental teaching.

Admission
Medical candidates must have completed three years of college work with special requirements in chemistry, physics and biology. The entering class will not exceed 50, men and women being admitted on equal terms.

Tuition
Charge for tuition will be $400 per annum, payable in equal installments at the beginning of each semester.

New Opportunities for Research

Needle Valve with Hose Connection ........ $5.00

FOLLOWING the designs and suggestions of Professor H. S. Booth, Western Reserve University, our chemical engineers have developed a laboratory set of Unit Parts which greatly facilitate the manipulation of high-pressure gases from cylinders. These open a fascinating new avenue of research to those who previously have been hindered by the inadequacy of the available apparatus. Send for catalog describing the Unit Parts and a price list of our rare and common gases. Simply fill in the coupon.

S-11
HYDRAULO
A NEW DRYING AGENT FOR GASES AND SOLIDS
Shows 100% efficiency in absorbing water vapor. Highly resistant to compression and abrasion.

Better than H₂SO₄—and not dangerous to handle.

Much better than CaCl₂, fused KOH and NaOH—and does not deliquesce and cake.

Economical because it can be regenerated by heating at a low temperature, and may be used indefinitely.

A sample will gladly be sent on request.

“Bebro” Laboratory RHEOSTATS
Bebro Laboratory Rheostats made of both iron enameled and solid wall porcelain tubes. The above illustration shows one of the numerous types of “BECRO” tubular, slide contact, rheostats manufactured and carried in stock by us.

The various types are made in several lengths of 8”, 16”, and 20”, respectively, with resistance values of from 0.25 ohm and 25 amperes, to 30,000 ohms and current capacity of 0.1 amperes.

“BECRO” Stone Rheostats are made in the following types: Single, Double, Universal, and Crossed Sections. These rheostats, with the porcelain tubular types, find their many uses in high frequency and radio work.
