Walker Prizes in Natural History.

The Boston Society of Natural History offers a first prize of $300 and a second prize of a sum not exceeding $50 for the best memoirs, in English, on one of the following subjects:

1. The relations of interdependence to cross-fertilization illustrated by the plants of Eastern Massachusetts, clustered flowered, and those of the same flowering plant during the same season, the other being left in the wild state.

2. The history of the former occupying species, now removed by denudation, may be inferred from the structure of various rocks in Eastern Massachusetts, and closed portions of the same.

3. Experiments affording evidence or evidence of the theory of evolution.

Each memoir must be accompanied by a sealed envelope enclosing the author's name and signature, as a motto corresponding to one borne by a Lucky Boy, and the manuscript must be forwarded to the Secretary on or before April 1, 1893. Prizes will not be awarded unless the memoirs are of adequate merit.

SAMUEL HENSHAW, Secretary.
Boston, July 5, 1893.
