

ANNALS OF MATHEMATICS. Edited by Ormond Stone and William M. Thornton. Office of Publication: University of Virginia. $8 per vol. of 6 nos.

MAMMALS OF THE ADIRONDACKS. By Dr. C. Hart Merriam. Contains an important description of the location and boundaries of the region, its geographical history, topography, climate, general features, botany, and faunal position. This work consists of the first place, of a general account of the prominent features of the Adirondack region; and, secondly, of a popular narrative of the habits of the animals found within its confines. Imp. 8vo. $3.90. Henry Holt & Co., New York.

THE A.B.C. OF AGRICULTURE. THE AMERICAN AGRICULTURIST begins 1887 with a series of papers on this subject by well known practical writers, which will furnish invaluable information to every professional man, merchant and mechanic, who looks forward to being the happy po-sessor of an acre or more of land—to everybody intending to learn practical agriculture, etc. One hundred illustrations and fifty contributors every number. $1.50 A YEAR. Send for sample copy. 751 Broadway, New York.
The Week:
Published every Thursday, at $3 per annum.

Independent in Politics, The Week appeals by a comprehensive Table of Contents to the different tastes that exist within the circle of a cultured home.
An average of fifteen short crisp Editorials is given in each number upon CANADIAN, AMERICAN, AND ENGLISH POLITICS AND LITERATURE.
The Week endeavors to combine the best features of the literary magazine and review with the weekly journal of politics and social interests. Among the regular contributors is PROFESSOR GOLDWIN SMITH; and special correspondents in London, Paris, Washington, and other centres furnish frequent letters to its columns.

C. BLACKETT ROBINSON,
5 Jordan St., Toronto, Canada.
Sample copies free on application.
