DURING the period of the fifty-first meeting of the American Association for the Advancement of Science at Pittsburgh, June 28 to July 3, 1902, there was held the founding meeting of the American Anthropological Association. This gave a double impulse for the attendance at the meeting of the anthropologists of the country, including those of Section H, and consequently there were present at the sessions of Section H many of the foremost anthropologists, whose interest was sustained until the close of the session.

Section H was organized, in the audience room of Bellefield Church, on Monday morning, June 30, immediately after the adjournment of the general session, and, with two later mentioned exceptions, held all of its sessions in the same place. The officers for the meeting were as follows:

Vice-President, Stewart Culin.

Secretary, Harlan I. Smith.

Member of Council, W J McGee.

Sectional Committee, J. Walter Fewkes, vice-president Section H, 1901; George Grant MacCurdy, secretary Section H, 1901; Stewart Culin, vice-president Section H, 1902; Harlan I. Smith, secretary Section H, 1902; Franz Boas, George A. Dorsey, William H. Holmes.

Member of General Committee, Walter Hough.

During the meeting the following members interested in anthropology were elected
