

# Call for Symposium Proposals

## LOS ANGELES MEETING • 24–29 May 1985

AAAS members are invited to submit symposium proposals for the next Annual Meeting in Los Angeles, 24–29 May 1985. Please complete the form below, attach a "Synopsis of Objectives" (about 200 words), and send it to us **not later than 1 August 1984**.

We are particularly interested in symposia dealing with the latest developments in science and technology, and the implications of these developments for society.

All symposium proposals are subject to review. If the information submitted is inadequate for reviewing, the proposal will be returned. Endorsement (sponsorship) by a AAAS Section Committee expedites the review process. It is therefore in the interest of the proposer to send a *copy* of the proposal to the ap-

propriate Section Secretary (see table of contents page of *Science* for names) for endorsement at the same time the *original* is sent to the AAAS Meetings Office.

Speakers should *not* be confirmed at this time; however, sufficient information about probable speakers and their topics should be provided to allow for evaluation of the proposal.

You will be notified in **October** about acceptance, conditional acceptance, or non-acceptance of your proposal. Further information will be provided at that time. If accepted, your preliminary program with confirmed speakers is due in **November**, and your final program copy, suitable for publication, is due in **January**.
