This Week in Science

National Institutes of Health: The Centennial Year

Anthropology and Advocacy: R. A. Rubinstein • The Largest Galaxy: H. Arp; S. M. Simkin and J. van Gorkom • Reference Manager: E. Beutler

Experts Fault Leadership on AIDS
Researcher Flouts Gene-Splicing Rules
Census: A Public Burden?

Briefing: Science Diplomats Get Career Boost • U.K. Company to Buy Biogen Lab • Pressure to Construct SSC Builds in House • Promoting International Studies • Recombinant Organisms Pose No Special Hazard

NIH Urged to Forge New Ties to Congress
Recollections on the War on Cancer

The NIH Legislators
Arthritis Institute Tackles Sports

OMB Stalks the “Burgeoning Growth of Biomedicine”

Biologics Gain Influence in Expanding NCI Program

Heart Institute Is Major Player in Clinical Trials

The fis Gene as “Master Switch”
Searching Land and Sea for the Dinosaur Killer

NIH Through the Years

The National Institutes of Health in Its Centennial Year: J. B. Wyngaarden

Multiple Global Regulators Control HIS4 Transcription in Yeast: K. T. Arndt, C. Styles, G. R. Fink

Borehole Measurement of the Newtonian Gravitational Constant: A. T. Hsu
Possible Tornado-Like Tracks on Mars: J. A. Grant and P. H. Schultz

Fish Oil Prevents Insulin Resistance Induced by High-Fat Feeding in Rats: L. H. Storlien, E. W. Kraegen, D. J. Chisholm, G. L. Ford, D. G. Bruce, W. S. Fascoe

---

SCIENCE is published weekly on Friday, except the last week in December, and with an extra issue in February by the American Association for the Advancement of Science, 1333 H Street, NW, Washington, DC 20005. Second-class postage (publication No. 484440) paid at Washington, DC, and at an additional entry. For subscription rates, see the back cover. Periodical postage paid at Washington, DC, and at additional entry. Copyright © 1987 by the American Association for the Advancement of Science. The title SCIENCE is a registered trademark of the AAAS. Domestic individual membership and subscription (51 issues): $65. Domestic institutional subscription (51 issues): $85. For foreign postage extra: Canada $35, other (surface mail) $27, airmail via Amsterdam $65. First class, airmail, school-year, and student rates on request. Single copies $2.50 ($3 by mail); back issues $4 ($4.50 by mail); Biotechnology issue, $5.50 ($6 by mail); classroom rates on request; Guide to Biotechnology Products and Instruments $16 ($17 by mail). Change of address: allow 6 weeks, giving old and new addresses and seven-digit account number. Authorization to photocopy material for internal or personal use under circumstances not falling within the fair use provisions of the Copyright Act is granted by AAAS to libraries and other users registered with the Copyright Clearance Center (CCC) Transactional Reporting Service, provided that the base fee of $1 per copy plus $0.10 per page is paid directly to CCC, 21 Congress Street, Salem, Massachusetts 01970. The identification code for Science is 0036-8075/87 $1 + .10. Postmaster: Send Form 3579 to Science, 1333 H Street, NW, Washington, DC 20005. Science is indexed in the Reader's Guide to Periodical Literature and in several specialized indexes.

The American Association for the Advancement of Science was founded in 1848 and incorporated in 1874. Its objects are to further the work of scientists, to facilitate cooperation among them, to foster scientific freedom and responsibility, to improve the effectiveness of science in the promotion of human welfare, and to increase public understanding and appreciation of the importance and promise of the methods of science in human progress.
